

# BARE PLOT TO WRECK GOVERNMENT

**ORDER ARREST**  
Representative "Zipper" Zioncheck, barricaded in his office in Washington, D. C., after his escape from a private sanitarium.

**JERRY VANCE READY TO PAY FOR SHOOTING**

STATING he was "ready to pay the price," Jerry Vance, 18, of Chicago, charged with robbery and assault with deadly weapon in connection with the grave injuries to Harold "Bud" Marshall, 26, Laguna Beach taxi-cab driver, two weeks ago, arrived in Santa Ana shortly before midnight last night in custody of Deputy Sheriff James Workman.

"Yes, I got nervous and shot him," said Vance, "and I'm ready to pay the price."

The gun which Vance used as he and his companion, Edgar DeBord, 18, Ontario, also in jail here, went into Laguna canyon in Marshall's cab and there attacked Marshall, was recovered by Officer Workman at the Corbin Edgell ranch, 16 miles north of Medford, Ore., where Vance had sold it for \$1.

It was held as evidence today, as Assistant District Attorney James L. Davis obtained a full statement of Vance's and DeBord's activities before they attacked Marshall. Marshall is paralyzed below the waist, but showing improvement at St. Joseph hospital today. Many Laguna Beach admirers have donated funds to pay Marshall's hospital bill.

Vance was arraigned today at Justice C. C. Cravath's court, Laguna, and probably will face preliminary hearing with DeBord tomorrow. The youths, who had stolen the gun in an Upland burglary, according to their confessions, obtained \$5 in the Marshall robbery and shooting.

**COMPTON RESIDENTS KILLED IN GEORGIA**

ATLANTA, Ga., June 29.—(UP)—James P. Coombe, 65, of Compton, Cal., was killed and his wife and daughter Phyllis, injured when his car crashed into a heavily laden beer truck in Atlanta yesterday.

Deputy Sheriff J. W. Chapman said Coombe had run off the pavement at a point where the road shoulder was lower than the concrete. In an effort to bring his car back on the road, Coombe lost control and crashed into the beer truck.

Mrs. Coombe and Miss Coombe were treated at an Atlantic hospital for lacerations.

The family was returning from a winter vacation in Florida.

**Violence Marks French Strikes**

PARIS, June 29.—(UP)—Serious violence at Toulouse marked the protracted general strikes in France today.

The strikers hitherto have been comparatively peaceful. At Toulouse, several were injured, including the Royalist editor, Edward De Carol.

The casualties occurred during a clash between adherents of the conservative right and left wing elements supporting the new popular front government of Premier Leon Blum.

Many were arrested. Massed forces of police guarded the public squares and boulevards.

**Seek Zioncheck On Old Warrant**

**WASHINGTON'S PLAYBOY Solon Leaps 7-Foot Fence, Flees Sanitarium**

WASHINGTON, June 29.—(UP)—Rep. Marion A. Zioncheck threw authorities into a baffling dilemma today when he boldly returned to his office at the capital after vaulting to freedom over a seven-foot fence and a private Maryland sanitarium.

A warrant charging assault was revived against the Democratic congressman from Washington; he is wanted by Maryland authorities as a fugitive from the sanitarium, and a lunacy hearing may be ordered here.

But in the face of it all Zioncheck settled himself complacently in his luxurious office suite while police, reporters and scores of curious onlookers crowded around his office door and authorities admitted that because of a tangle of jurisdictional disputes no one can be found with recognized power to take Zioncheck into custody.

**Leaps Fence**

The ever-amazing congressman evidently made tracks immediately for his congressional headquarters after vaulting a seven-foot fence at the sanitarium yesterday. He was sleeping there at dawn today when a charwoman interrupted his slumbers.

Sitting upright in the chair in which he had been slumped the congressman pointed a finger at the charwoman and shouted:

"Get out!"

She did.

State police made every effort to capture the young congressman before he escaped over the state line in flight from a mental sanitarium from which he escaped yesterday. He was branded a fugitive from justice and orders were issued to use force to subdue him.

Branded As 'Dangerous'

Dr. Arthur Ellis Pattrell, acting superintendent of the Sheppard-Pratt sanitarium, the private institution to which Zioncheck was transferred in a "pack" from a Washington hospital last week, said he thought Zioncheck was going to Washington and said also that he would be "dangerous if caught."

Deputy sheriffs and state police guarded every road leading from Towson and Baltimore toward the national capital, where Zioncheck staged most of the escapades that led to his incarceration. They beat the 700-acre grounds of the Sheppard-Pratt sanitarium thorough.

**CANADIAN CENSORS TO RULE ON FILM**

TORONTO, Ont., June 29.—(UP)—Premier Mitchell Hepburn of Ontario announced that a meeting of the appeal court of the board censors would be called early next month to decide the validity of the ban placed on the film version of "The Green Pastures."

The premier said ecclesiastical authorities and welfare organizations, who opposed the ban would be invited to sit with the appeal court, and if they rule in favor of the picture, it would be released in Ontario.

The censor board banned the picture because they found it "sacrilegious." The ban was supported by Hepburn.

**NEWSPAPERS BOOST THEATER PATRONAGE**

HOLLYWOOD, June 29.—(UP)—Newspaper advertising largely is responsible for a 40 per cent increase in American theater attendance and receipts over last year, George J. Schaefer, vice president in charge of sales of United Artists studio, reported today following his arrival at attend the company's annual sales convention.

To increase its share in these benefits, Schaefer said his studio would spend \$2,500,000 in newspaper advertising during the coming year. A film production budget of between \$21,000,000 and \$22,000,000 also was announced.

**New Serial Starts On Wednesday**

A midsummer mystery, "House of Shadows," is next on The Register's schedule of two-week serials for hot weather reading. Written by Ida R. Gleason, it tells the story of a beautiful girl, who risks death trying to find a "hidden jewel" in an old mountain mansion. The new serial begins on Wednesday, July 1.

You'll find this second summer fiction program different from any you have ever read. Mystery—adventure—romance—humor—it has everything. Watch for the first installment Wednesday.

**PLAN TO HALT LIQUOR BOARD DICTATORSHIP**

SACRAMENTO, Cal., June 29.—(UP)—State administration of liquor laws will be placed under the supervision of George M. Stout, former secretary of the Veterans' Welfare board, and district dictatorship will be ended, under a plan proposed today by the state board of equalization.

Thirteen liquor enforcement chiefs from all sections of the state met with the board to work out a new plan of administration under which Stout, rather than the board members themselves, will be responsible for handling the detail of enforcement.

Stout will answer to the board as a whole.

During the past year, Stout held the title of state liquor administrator, but did not serve in that capacity because each board member assumed the responsibility for his own district, interpreting the laws almost as he saw fit. Stout said he will handle the mass of detail work which previously went to the office of the late Elwood Squires, assistant secretary. Squires, board members said, probably will not be replaced.

**FORMER G-MAN AIDS IN S. F. GRAFT QUIZ**

SAN FRANCISCO, June 29.—(UP)—Malvin Purvis, the former department of justice agent credited with the slaying of Public Enemy John Dillinger, today conferred with city officials regarding selection of former federal men to aid in the city's current police graft inquiry.

Purvis and Edwin N. Atherton, former G-man attached to the district attorney's staff as special investigator, went over a list of possible candidates and were understood to have agreed on three men for the job.

The appointments, however, are dependent upon approval of the board of supervisors and the allotment of an additional \$50,000 to continue the graft inquiry.

**FIND LOST WOMEN FLIERS UNINJURED**

CAMAS, Wash., June 29.—(UP)—Mrs. Alyce Pashburg and Irma Westover, Portland fliers whose plane was wrecked on a mountain northeast of here Saturday morning, today walked out of the wilderness apparently unhurt.

The two women were found near Fern Prairie by rescuers who set out after other aviators reported sighting the wrecked plane.

The women said they had been struggling back toward settled country through most of two days and a night.

They were en route from Portland to Spokane to attend an air show when the wreck occurred.

**JAIL FASCIST SUSPECTS**

CANTON, China, June 29.—(UP)—Military authorities arrested 10 members of the Sun Yat-Sen university on suspicion of being secret members of Generalissimo Chiang Kai-Shek's Fascist party, the Blue Shirts.

**KILLER SNAKES IN COURT**

**GIRL MADE HYSTERICAL BY REPTILES**

**Sweetheart of Accused Barber Collapses After Viewing Rattlesnakes**

LOS ANGELES, June 29.—(UP)—Two diamond-black rattlesnakes, the "guaranteed killers" in the Robert S. James wife murder case, today threw Lois Wright, niece and sweetheart of the defendant, into hysterics as trial opened.

Miss Wright, who had a love affair with James before and after the death of Mary Busch James, alleged rattlesnake and lily pond victim, wept in anguish after she had looked into a clasped box containing "Lethal" and "Lightning," the two mud-colored killers.

The two snakes were in their box in the office of the district attorney's bureau of investigation two floors below the eighth-floor courtroom of Superior Judge Charles W. Fricke when Lois, a stunning brunette, walked in and joined a group of newspapermen and attendants.

**Gripped By Hysterics**

Approaching the box, the girl leaned over and took what she explained was "a peek" at the writhing, buzzing snakes, one of which had shed a layer of skin during the night. Miss Wright cried: "Heavens, I don't want anything to do with those things."

She left the room and retired to the chambers of a court matron nearby. There she was overcome by nervous reaction and broke into tears. The matron emerged and said Lois explained that as she looked through the glass one of the snakes snapped back its head and struck its fangs against the side of the box.

The snakes play an important part in the life and death trial of the much-married barber. They were secured from "Snake Joe" Houtenbrink, a snake dealer, by Charles H. Hope, a one-time sailor, who pleaded guilty to a murder charge in connection with Mary James' death. Hope testified he brought the snakes to James' home; that James had killed a rattlesnake in a kitchen tub, and that James seized Mary's left foot and plunged it into the box to be submitted to the fangs of a rattlesnake.

**Zoologist Testifies**

Roland Kirby, Long Beach zoologist, was the first witness at the morning session. It was Kirby who said Hope three snakes last July and also gave him a vial of concentrated snake venom.

The three snakes, according to

**STEEL COMPANIES TO FIGHT UNIONS**

NEW YORK, June 29.—(UP)—Steel companies employing 500,000 men and capitalized at \$5,000,000,000 declared war without quarter today upon attempts to unionize their workers.

Through the American Iron and Steel Institute, the corporations announced that they are prepared to withstand strikes and riots and to use all its resources to "protect" their employees "from intimidation, coercion and violence, and to aid them in maintaining collective bargaining free from interference from any source."

**Communists Name Browder Candidate**

NEW YORK, June 29.—(UP)—More than 700 delegates to the ninth national Communist convention began a campaign in every state of the union today to defeat reaction and Republicanism in the presidential election.

At the closing session of the five-day convention yesterday in Madison Square Garden, the delegates nominated by acclamation Earl Browder, former Kansas bookkeeper, and James W. Ford, Alabama Negro leader, as the party's candidates for president and vice president and unanimously approved an eight-point platform.

**THIRD PARTY LEADERS CONFIDENT**

Smiles that radiated confidence in their new party wreathed the faces of Representative William Lemke of North Dakota, left; the Rev. Charles E. Coughlin, radio priest, center; and Thomas G. O'Brien, as they discussed the coming campaign at the Shrine of the Little Flower, Royal Oak, Mich. A few hours earlier, Lemke, Union party standard bearer, predicted his election and pledged a radical reform program. O'Brien, former district attorney of Boston, is Lemke's running mate. Father Coughlin announced he had \$500,000 to spend on the campaign.

**THIRD PARTY THROWS DOWN BATTLE GAUGE**

DES MOINES, Ia., June 29.—(UP)—The Union party may direct its congressional campaign principally against those representatives who voted against the farm mortgage refinancing bill which he sponsored, Rep. William Lemke, Union party presidential candidate, indicated last night.

Lemke said his party would "fight for" the representatives who actively urged passage of the measure.

Lemke invaded the home town of Secretary of Agriculture Henry A. Wallace to campaign bitterly against administration farm policies.

"Secretary Wallace reached his vandalistic fingers into farmers' pockets and took a dollar for every dime he gave them in return," he said, discussing crop control benefit payments.

He referred to Wallace as "your distinguished fellow townsman of a foreign complex. Trade treaties enacted under the New Deal administration permitted importation of millions of cattle and thousands of bushels of corn into midwestern agricultural states," he declared.

**FIRE DESTROYS 450 ACRES OF TIMBER**

SAN BERNARDINO, Cal., June 29.—(UP)—A forest fire crackling down the slopes of the San Bernardino mountains 12 miles north of here was reported being brought under control today.

A band of 250 men was strung out along the fire lines in a battle to prevent the flames from sweeping into inhabited sections of the heavily wooded area. Five hundred other recruits were available as reinforcements.

Shortly after 3 a. m., the county forester's office reported that 450 acres of timber had been burned over and that the fire should be completely under control within a few hours. Although the wind was freshening, authorities were hopeful that it would bring no new outbreaks. The fire was raging some six miles east of Lake Arrowhead, popular southern California mountain resort.

**CALLES' CONDITION REPORTED IMPROVED**

LOS ANGELES, June 29.—(UP)—Gen. Plutarco Elias Calles, former president of Mexico, today was reported nearing discharge from a hospital where he has been undergoing a general health checkup.

The one-time "strong man" of Mexico was visited by several members of his family over the weekend and went for a drive to nearby beaches with them Sunday.

Among those visiting their father were Plutarco Elias Jr., Rodolfo, Leonardo Calles and Mrs. Fernando Torreblanca.

**Board Acts To Speed Up Dam Project**

BULLETIN

The board of supervisors this afternoon adopted a resolution authorizing the employment of three federal appraisers to ascertain value of lands that will be necessary for the county to acquire in order to qualify for federal expenditure of \$13,000,000 for flood control work. The men will be paid up to \$15 daily each and expenses. The motion was made by Willard Smith and seconded by Leroy Lyon.

**CLEARING THE WAY FOR LAUNCHING OF OPERATIONS** in connection with the \$13,000,000 Orange county flood control program which will be started shortly by the board of supervisors today adopted a resolution abandoning the application made to the Federal Emergency Administration of Public Works, heretofore pending before that government body seeking a loan and grant for the water conservation and flood control work.

The action was taken this morning, and preceded more important action scheduled for this afternoon when the board was expected to concur in an agreement with the Federal Land Bank for having a group of three government appraisers do the appraisal work along the Santa Ana river on lands needed for the water project.

The resolution adopted this morning pointed out that congress has appropriated funds for the local water project, and in the grant of the nation, and therefore there is no need for having the application before the government agency any longer.

The board of supervisors had received a letter from government officials asking that the resolution be adopted. The letter was turned over to M. N. Thompson, flood control engineer.

Action which was to be taken by the board this afternoon regarded formation of a formal agreement between the board and the Federal Land Bank on a basis of cost or arrangements for having the federal men perform the appraisal work on the lands needed by the county for fulfilling an agreement with the federal government on furnishing guarantee of rights of way on lands needed for the water project.

Willard Smith, supervisor from Orange, just returned from Berkeley, accompanied by C. A. Palmer, secretary of the Orange County Water District and local representative of the Federal Land Bank, when an agreement was secured to have the three federal appraisers do the work. It was estimated that cost of securing the lands needed will be under two million dollars, a million and a half dollars less than the amount originally estimated in 1932.

**W. C. FIELDS IS RECOVERING**

HOLLYWOOD, June 29.—(UP)—W. C. Fields, pale and weak from his recent battle with pneumonia, is well on the way to recovery, his studio reported today. It was informed from the Riverside, Calif., hospital where for a time he was on the verge of death.

The rotund comedian will be out of pictures for many months yet, the studio declared. Fields finished a picture just before he was stricken and then went to a nearby hot springs to rest.

**SCIENCE SAVES MAN WHO TRIED POISON DEATH**

SAN FRANCISCO, June 29.—(UP)—A miracle of modern medicine today brought life to Eugene Kratzer, 58, a man who died.

For three years, Kratzer admittedly planned suicide. Yesterday he swallowed two ounces of hydrocyanic acid, usually considered instantaneously fatal.

His daughter, Elizabeth, 22, heard him groan as the poison snuffed out consciousness. Frantically she called an emergency hospital.

Within a half hour, Kratzer was on an operating table. Physicians were unable to detect a pulse beat. His breathing was not discernible.

He was rigid and motionless. His skin had turned blue.

In another hour, he was laughing, talking volubly to attending physicians.

"You boys are wonderful," he said, "I'm glad to be back."

During that hour Kratzer had undergone the methylene blue treatment, which was first used to save human lives in San Francisco in 1932.

Since then, the experiments of Dr. J. C. Geiger, city health director, have been credited with saving seven lives through the treatment. In none of the previous cases, however, has treatment been delayed so long as half an hour.

The Kratzer case, Geiger said, was the first on record where a person had taken cyanide in acid form and lived.

Physicians said that before Kratzer took the poison, he drank two glasses of wine. The wine normally should have hastened the action of the poison and retarded the effect of methylene blue.

Kratzer was given three injections of methylene blue, each of 50 cubic centimeters. The effect was almost instantaneous. He began breathing convulsively. His knees drew up. His pulse strengthened and became stronger.

An oxygen tank was applied.

**SLEEPY BOY SEES MOTHER MURDERED**

CHICAGO, June 29.—(UP)—A sleepy boy ran into a hotel lobby early today and sobbed a story of how a man beat his mother to death and then scrawled "Black Legion" in lipstick on a mirror.

The victim was Mrs. Florence Castle, pretty 25-year-old divorcée and night club hostess.

Her son, James, 7, awoke in the dimly-lighted hotel room to see the intruder "hitting mother about the ears" with a brick, questioned the man, and then lapsed back to sleep.

A few hours after discovery of the killing police brought in Sidney Schlapp, dapper master of ceremonies of the Palace Gardens, where Mrs. Castle had been hostess.

Mrs. Frances New Polfus, mother of the victim, told police Mrs. Castle had told her recently that Schlapp was "awfully jealous" of her and that she was "afraid to leave him."

Mrs. Polfus said her daughter ran away from home at 15 to marry Thompson, whom she described as "a fine man."

**CRUSADERS ADVOCATE VIOLENCE**

**Minister Reveals Plot to Seize Control of Government in Letter to FDR**

KANSAS CITY, Mo., June 29.—(UP)—An ominous picture showing the assertedly planned military overthrow of the national government by "shirited" disciplined terrorists, now lacking a leader, was drawn today by Rev. L. M. Birkhead, Unitarian minister and Civil Liberties union official.

Birkhead asked President Roosevelt for an investigation, citing "definite proof" of plans for a seizure of local and state governments and a march on Washington by more than a hundred organizations.

"All these organizations need is a leader to make them an incredibly sinister force," Birkhead said. "Singly they are not yet a serious menace."

Birkhead, a friend and confidant of Sinclair Lewis, the novelist, was Lewis' host during the writing of the book "Elmer Gantry." Recently Lewis' book, "It Can't Happen Here," a best seller, appeared, describing such organizations as Birkhead claims exist.

**Cites Letter, Orders**

Birkhead's definite proof was a letter from George W. Christians of Chattanooga, commander-in-chief of the Crusaders. The letter included a threat to the minister and a copy of "General Orders" in which a march on the government is outlined.

It said in part:

"The first objective is to take control of local governments in the following manner:

March in military formation to and around the governmental buildings. Then, by sheer numbers and patriotic appeal, force the officials to accept and act under the direction of an economic supervisor appointed by the president of the Crusaders for economic liberty. This adviser's first duty will be to repudiate the public debt and utilize the payments assigned thereto for the public welfare."

**Urge 'Great Care'**

"Disheonored officers should immediately be brought to justice. Great care should be exercised so that the situation does not get out of control and some poor, middle-headed but honest politician gets hung without a fair trial."

The "temptation to loosen up fat pockets" should be ruthlessly resisted," the letter said.

The letter, asking Birkhead to "start something," added:

"Revolutions aren't nice, are they? Before this is over there may be some reason for the Black

**ARREST SEVEN AGITATORS IN STRIKE FIGHT**

SHORTLY before 1 p. m. today, seven Mexican strike agitators, who allegedly swooped down upon citrus pickers at the Tom Haster ranch, and injured one of them by indiscriminate use of an automobile jack, were apprehended by California Highway Patrol Officers Ernest Sawyer and Oscar Kelly and taken before Franklin Davis, immigration officer, for questioning.

The injured man, Jesus Morales, 36, of Independence, who was cut and bruised, could not identify any of the seven as those who hit him, but Clemente Hernandez, 27, of Casa Blanca, was arrested on a violation of the state traffic code and immediately sentenced by Justice Charles Kuehl of Anaheim to 30 days in county jail. The other six men are from Casa Blanca, Riverside and Placentia. Morales said he knew the assailant who struck him.

According to Morales, the seven men in one car, and two other carloads of Mexicans approached him and half a dozen who worked near Haster ranch on West Katella road and suddenly pulled out auto jacks, cranks, tire irons and pumps and attacked. The workers fought the three carloads of Mexicans off and Morales rushed to a nearby telephone where he obtained police assistance. The six companions of Hernandez are being held this afternoon for further investigation by Davis.

Three of the attackers were alleged to have been white men.

## ORDER ARREST OF ZIONCHECK FOR ASSAULT

(Continued From Page 1)

oughly, and searched roadside  
copses for miles.

At the same time they looked  
for his young bride, the former  
Roby Louise Nix, on the theory  
that she might have helped him  
escape.

But nearly 24 hours after Zion-  
check vaulted a seven-foot fence  
and raced into nearby underbrush,  
there was no clue to his where-  
abouts or that of his wife.

**Amazing Escape**  
Dr. Patterson described Zion-  
check's escape from the exercise  
yard at the sanitarium as "amaz-  
ing." The congressman and four  
other patients, guarded by three  
attendants, were placed in the  
yard about 10 a. m. Sunday.

The congressman strolled over  
to the wire fence, which slopes in-  
ward at the top, leaning against  
the dormitory veranda, he chatted  
with fellow patients.

Suddenly a wild, piercing  
scream jerked the guards to at-  
tention. Zioncheck stood on a rail-  
fence like a Tarzan, he leaped  
six feet to the building's cement  
window ledge.

He screamed again. As guards  
rushed toward him he made an  
amazing leap, grabbed the top of  
the fence, hurled his body over  
it.

Guards who tried to duplicate  
his feat failed. They rushed for  
a gate. Zioncheck turned his  
head once, grinned, and raced into  
the woods around the hospital.

**Drops From Sight**  
Less than five minutes later 20  
guards were on his trail. A gen-  
eral alarm was sounded and at-  
tendants surrounded a wooded  
area, but Zioncheck was not  
found. Authorities believed he  
made his way to a nearby high-  
way and hailed a passing motorist.

Dr. Patterson gave the time of  
Zioncheck's escape at 11 a. m. It  
was 9 p. m. when he informed  
Maryland police. He did not ex-  
plain the 10 hour delay.

"I want Zioncheck arrested," he  
told state headquarters. "He was  
legally committed to the sanitarium  
for treatment and was a patient  
in my care."

"As a missing person, he is a  
fugitive from justice,"  
Baltimore police said they were  
"not trying to find that fellow." A  
punchy night sergeant explained  
the department's official attitude  
this way:

"No, we ain't looking for that  
guy. He didn't do nothing against  
the law in Baltimore. But if he  
tries any of those stunts like he  
did in Washington, he won't go  
back to any nut house. He'll go  
to jail."

**Corrine Griffith  
Weds Sportsman**

ARMONK, N. Y., June 29. —  
(UP)—Corrine Griffith, star of the  
silent films, and George Preston  
Marshall, millionaire laundry own-  
er and sportsman of Washington,  
D. C., were honeymooning today  
after a surprise elopement Satur-  
day.

Marshall who was divorced from  
Mrs. Elizabeth Marshall, has been  
seen recently in company with  
Honey Johnson, Westchester de-  
butante. Miss Griffith was divor-  
ced two years ago from Walter  
Morosco, movie producer.

## KEN Murray SAYS:

NEW YORK, June 29.—While  
all the political conventions have  
been going on, J. Edgar Hoover  
told the Kiwanis convention that  
the main plank of his platform was  
the ousting of all politicians who  
affiliate with crooks. . . . And  
you know, it's beginning to look  
as though J. Edgar is about the only  
government official who keeps his  
campaign promises.

It seems to me that the Depart-  
ment of Justice men should soon  
have their title changed. . . . Why  
give them a "G" rating when  
they've passed a perfect exam.

While many of the writers refer  
to the Bureau of Investigation as  
America's Scotland Yard, appar-  
ently the only thing Scotch about  
it is the tightness of Congress in  
giving it appropriations.

Of course, I guess there's a  
reason why politicians are so  
frugal about giving out money to  
Mr. Hoover's Bureau. . . . A G-  
man is about the only alphabeti-  
cal institution in the government  
that can't be used to buy votes.

(Copyright, 1936, McNaughton, Inc.)

## NO ACTIVITY REPORTED IN STRIKE AREA

Although county peace officers  
were maintaining the usual patrols  
of citrus strike areas today, they  
reported generally, little activity  
other than picketing by those who  
wish to prolong the strike.

This morning, four Placentia  
Mexicans, alleged agitators, A.  
Rodriguez, 36; D. Moreno, 44; Juan  
Garcia, 34, and Ventura Perones,  
36, and Jesus Perez, 26, Anaheim,  
were given preliminary hearing be-  
fore Justice P. M. Flesher of Brea  
where, with Atty. Grover Johnson,  
representing the International La-  
bor Defense, defending, they pled-  
ed not guilty and demanded jury  
trials.

The men were charged with tres-  
passing and vagrancy, following  
arrest June 15, at the Times-Mirror  
ranch, Brea. Jury trial was sched-  
uled for July 9 at 10 a. m. with  
bail for the men being furnished by  
the International Labor Defense.  
It was said.

Deputy Sheriff Ezra Stanley re-  
ported today: Comillo Perez, La  
Jolla camp, said Isabel Sisneras,  
also La Jolla, has been carrying a  
gun and threatening orange pick-  
ers now working; Deputy Pikes  
Brown, called by J. C. Lamb to in-  
vestigate a suspicious car at the  
end of Red Hill street, found a  
couple "spooning," he said, and  
advised them to "find another place."

Deputy A. W. Fullerton was told by  
Lupo Montes that Montes had been  
beaten by Ramon Pene of Hill  
street, La Paloma, but Montes re-  
fused to prosecute when Pene  
promised he would harm Montes no  
more.

Picketing was particularly active  
at Placentia. Generally, workers  
were harvesting the crop of oranges  
and meeting shipment require-  
ments. In Corona camp and at  
Stanton reports said more men had  
quit work, but other districts re-  
port increase in number of work-  
ers.

Mussolini is a swimmer, avia-  
tor, speedboat driver, motorcyclist  
and horseman. He begins each day  
with a horseback ride.

## BARE PLOT FOR OVERTHROW OF GOVERNMENT

(Continued From Page 1)

Lesson to be ashamed of them-  
selves as pikers."

**LEADER OPENLY  
ADVOCATES VIOLENCE**  
CHATTANOOGA, Tenn., June  
29.—(UP)—Openly advocating vio-  
lence should it become necessary,  
George W. Christians, leader of the  
"Red Revolutionary society" of  
white shirt crusaders, boasted to-  
day his organization eventually will  
embrace "all but five per cent of  
this nation's population."

Christians, middle-aged engineer  
who is president of the Crusaders  
for Economic Liberty, and Com-  
mander-in-Chief of the Crusaders  
White Shirts, denied charges of a  
Kansas City pastor, however, that  
his secret organization plans over-  
throw of the government.

"We have no desire to change  
the present form of government in  
the United States or elsewhere," he  
said, but qualified his statement  
with admission the organization ad-  
vocates violence to attain its ends.

"There is no question about it,"  
he said. "We do advocate violence  
when necessary. And with the ex-  
ception of about five per cent of  
hopelessly incurable cranks, we ex-  
pect to get the entire population  
of the nation."

Crusaders for economic liberty,  
Christians told the United Press,  
held the gold standard responsible  
for the depression, and believe that  
"the tyranny of gold is the means  
of exploiting and robbing popula-  
tions of their economic rights and  
therefore is indirectly the cause of  
revolutions, wars and most other  
social disturbances."

"The Crusaders for Economic  
Liberty propose to destroy the  
present economic system based on  
the tyranny of gold and the gold  
standard system and establish a  
new economic system based upon  
economic liberty under the human  
effort monetary system," the  
leader said.

"Our secret revolutionary or-  
ganizations have been in operation  
for five years," he continued.  
"They have reached into every city  
and hamlet of the nation."

**SEPULVEDA CLEARED  
ON HOMICIDE COUNT**

In furtherance of justice, negli-  
gent homicide charges against  
Adam Sepulveda, 22, Corona, in  
connection with death of his friend,  
Francisco Gonzales 35 also of Co-  
rona, were dismissed by Justice  
Kenneth Morrison today.

Sepulveda allegedly in Orange  
county to take part in strike ac-  
tivities was accused by a coron-  
er's jury of using too much speed  
June 15 year Placentia avenue  
when the car he was driving turned  
over but numerous witnesses  
testified the speed was not great  
enough to have caused the acci-  
dent. Motion to dismiss the charge  
was made by Deputy District At-  
torney J. Eugene Walker. It was  
rumored a truck had "clipped" the  
rear end of the Sepulveda car,  
causing it to overturn. Another  
statement made by witnesses was  
to the effect a tire blew out.

## KILLER SNAKES IN COURT FOR MURDER TRIAL

(Continued From Page 1)

Hope's confession, failed to dis-  
play deadly qualities demanded by  
James and were discarded, James  
refused to use the concentrated  
venom crystals, Hope alleged, hold-  
ing out for a direct bite from a  
"killer" rattlesnake.

A surprise witness appeared in  
court today and will be used by  
the prosecution to combat James' dual  
plea of not guilty and not guilty by  
reason of insanity. The witness was  
Ray Grege Tait, deputy solicitor of  
Birmingham, Ala., where James  
once resided.

Deputy District Attorney Eu-  
gene Williams said Tait would  
testify concerning conversations he  
had with Mrs. Eva Murphy, of  
Birmingham, sister of James, in  
case she should contend her brother  
is insane.

Williams also said Lois Wright  
would be called as a witness. He  
did not say what testimony was  
expected from the girl who was  
trapped with James in a bedroom  
after the death of Mary James.  
The barber was convicted of three  
murders counts for his relations  
with his niece and faced a long  
term in prison on those convic-  
tions.

Kirby, during cross examina-  
tion by Defense Counsel William  
J. Clark, described several cases  
of rattlesnake death he had wit-  
nessed during 71 years' experi-  
ence as a snake man.

Clark then swung questioning  
to the vital of concentrated poison  
Kirby gave to Hope. The attor-  
ney's hand shook visibly as he held  
the deadly potion before the jury.  
"I notice my hand is trembling  
but it is not because I am afraid,"  
Clark explained to the jurors.

Kirby said he extracted the crys-  
tallized poison personally from the  
fangs of rattlesnakes. The poison  
crystallizes soon after it is exposed  
to air, he testified.

Kirby explained that the effect  
of rattlesnake venom on an ani-  
mal or human was the same wheth-  
er inflicted by a snake, or by an  
injection of the concentrated form.  
"The important thing is the quan-  
tity," explained the snake man. "A  
lethal dose for either human or  
animal is one milligram to one  
pound of the victim."

Kirby said that in experiments  
he had dissolved the crystals in a  
normal salt solution and used it on  
dogs. Fifteen milligrams killed a  
fifteen-pound dog, he said.

Kirby explained that injections  
of the crystallized form could be  
made by needle intermuscularly,  
or directly into the blood stream.  
Another method is to rub the so-  
lution into an abrasion or cut in  
the skin.

"If you drop venom on the skin  
it would have no effect whatever,"  
said the snake man in the manner  
of a professor explaining chemistry  
to his class on a warm morning.  
"Or for that matter you could  
drink any amount of snake venom  
and it would never affect you un-  
less there was a stomach ulcer or  
some other means of the poison  
getting into the blood stream."

**POLICE 'ARREST'  
INTOXICATED SWAN**

SAN FRANCISCO, June 29.—  
(UP)—Officer David Slam today  
arrested a graceful, pure white  
swan for drunkenness.

The bird was discovered sway-  
ing along a residential street. Of-  
ficer Slam called the "wagon."  
It arrived with a cargo of three  
other drunks. All were taken to  
the station where the swan was  
sobered on milk.

Kiddies Shop—Third Floor

## WILL ESTABLISH STATUS OF BILLS FOR ADVERTISING

Flood Control Engineer M. N.  
Thompson today was authorized by  
the board of supervisors to conduct  
an investigation to determine sta-  
tus of the various bills presented  
following the last flood control  
election.

On behalf of county publishers,  
J. H. Farquhar, Huntington Beach,  
had filed suit in superior court to  
collect advertising bills allegedly  
due for advertising the flood con-  
trol election. Following consider-  
able controversy, members of the  
board of supervisors decided that  
many of the bills did not come un-  
der the status of advertising, in-  
cluding those for personal services,  
etc., which it is felt, could be paid.

The supervisors won the first  
round of the legal controversy ov-  
er the advertising bills when Jus-  
tice Kenneth E. Morrison of Santa  
Ana on June 23 ruled that the  
newspapers should have known  
whether the supervisors had au-  
thority to authorize such expendi-  
tures.

A demurrer filed in connection  
with the case alleged that the pub-  
lisher's complaint did not state a  
cause of action, raised the particu-  
lar point that the supervisors,  
as ex-officio members of the coun-  
ty flood control district, acted in  
good faith when they asserted ad-  
vertising of the flood bonds.

Action of the supervisors in au-  
thorizing the expenditures has been  
held illegal in a previous case by  
Superior Judge G. K. Scovel, who  
refused to grant Farquhar's peti-  
tion for a writ of mandate to com-  
pel County Auditor W. T. Lam-  
bert to honor the claims.

**STATE EXPENSES JUMP**

SACRAMENTO, Cal., June 29.—  
The expenses of government in  
California for the state, counties  
and cities jumped more than \$111-  
000,000 during the 1935 fiscal year,  
Controller Ray L. Riley revealed  
today in his annual report of fi-  
nancial transactions.

The three main divisions of gov-  
ernment paid out \$994,431,784 in  
the year ended June 30, 1935, com-  
pared with \$792,954,475 during the  
preceding year.

Most of the increase was credit-  
ed to unemployment relief, educa-  
tion, social welfare and capital im-  
provements of institutions.

## COUNTY FUTURE DISCUSSED AT CHAMBER MEET

Plans for the future develop-  
ment of Orange county formed  
the basis of a round-table dis-  
cussion among members of the  
Santa Ana Chamber of Commerce  
when they met today in the  
Green Cat cafe with President  
Rex Kennedy presiding. The prob-  
lem of attracting outsiders, pub-  
licizing the county and making  
tourists will want to live here  
occupied a major portion of the  
discussion.

Nat H. Neff, county engineer,  
told members of the chamber that  
the Orange County Planning com-  
mission had prepared a map as  
a result of a land use survey,  
showing the areas in the county  
where citrus predominates, field  
crop areas, brush covered areas,  
forest areas and residential areas.  
In answer to the chamber's recent  
question, "where are we going,"  
the county planning commission,  
through the cooperation of the  
citizens of the county, intends to  
work out a solution.

Paul A. Palmer, sales manager  
for Lido Isle, told members of the  
chamber that the biggest selling  
point for Orange county is its  
harbor. He urged that inter-  
community jealousies be forgotten,  
and that the cities cooperate in  
promoting this, their greatest  
drawing card.

Other prominent men, active in  
the development of the county,  
were introduced and made sug-  
gestions concerning the promo-  
tion of the county. Those who  
participated in the program were  
C. W. Hill, president of the Santa  
Ana Realty board; Ray Good-  
cell and Rolla Hays Jr., Jerry  
Campbell, new director of the  
community chest drive; Secretary  
Harry Welch of the Newport  
Beach chamber of commerce; Wil-  
liam Wells, member of the cham-  
ber of commerce hospitality com-  
mittee; T. E. Stephenson, chair-  
man of the museum board; Col.  
M. B. Wellington, president of  
the board of directors of the San-  
ta Ana Country Club; Mrs. Alice  
Paterson, head of the women's  
division of the chamber of com-  
merce publicity and hospitality  
committee; R. L. Busby, manager

## \$400 Allocated For Dog Pound

Supervisor N. E. West, who at  
times finds it difficult to secure  
agreement of members of the board  
of supervisors to his propositions,  
today found the board entirely  
agreeable to his proposal that \$400  
in county money be allocated for  
a dog pound in Laguna Beach.

Several members of the board  
recalled that at one time a monkey  
went on the war-path at the beach  
community, and decided that the  
pound should be made to include  
all sorts of animals. To which sug-  
gestion, the Laguna Beach super-  
visor agreed.

Most of the board meeting to-  
day was confined to routine busi-  
ness of transferring various funds  
to wind up the business of the cur-  
rent year.

**CHRISTIAN SCIENCE  
CHURCHES**

"Christian Science" was the sub-  
ject of the Lesson-sermon in all  
branches of The Mother church,  
the First Church of Christ, scient-  
ist, in Boston, Mass. These words  
of Christ Jesus were the Golden  
Text: "The kingdom of heaven is  
like unto leaven, which a woman  
took, and hid in three measures of  
meal, till the whole was leavened."

A Bible citation in the lesson-  
sermon included these passages  
from Luke, "After these things the  
Lord appointed other seventy also,  
and sent them two and two before  
his face into every city and place,  
whither He himself would come.  
Therefore said He unto them, The  
harvest truly is great, but the la-  
bourers are few. . . . And into  
whatsoever city ye enter, and they  
receive you, eat such things as are  
set before you; and heal the sick  
that are therein, and say unto them,  
The kingdom of God is come nigh  
unto you."

A correlative selection from "Sci-  
ence and Health with Key to the  
Scriptures," by Mary Baker Eddy,  
stated: "The Infinite Truth of the  
Christ-cure has come to this age  
through a 'still, small voice,'  
through silent utterances and di-  
vine anointing which quicken and  
increase the beneficial effects of  
Christianity."

of the Santa Ana Hotel; Dr. C.  
G. Huston, president of the As-  
sociated Chambers of Commerce  
of Orange county; R. C. Holles,  
publisher of the Register; County  
Supervisor William C. Jerome,  
Braden Finch, editor of the Jour-  
nal and Rodney Bacon, head of  
the aviation committee of the  
chamber of commerce.

Whalebone comes from the  
mouth of the right whale, where  
its comb-like formation is used in  
straining from the water the small  
organisms on which the whale  
feeds.

## 3500 OUT FOR ANNUAL PICNIC OF OLD TIMERS

More than 3500 old timers and  
members of their families attend-  
ed the annual pioneer picnic at  
Irvine park yesterday. Old time  
were there from far and near  
some of them having traveled  
hundreds of miles to be present.  
This event, counted by many as  
the greatest day of the Santa Ana  
valley as the greatest day of the  
year.

Following a picnic dinner, the  
crowd was swelled by hundreds of  
late comers. It was well after  
o'clock before the gathering dis-  
persed.

Officers for the coming year  
were re-elected, with J. M. Back  
as president and Elmer B. Burr  
as secretary-treasurer.

That each year is taking its toll  
among the oldest of the old-timers  
was shown by a list of those who  
have died since the picnic of  
year ago. This list, kept up by  
George E. Peters of Santa Ana  
was posted upon an oak tree  
where it might be read by the  
visitors.

A brief address of greetings was  
delivered by Robert Scott of Bel-  
fast, Ireland, a member of par-  
liament, who, with his wife, is  
visiting at the home of Robert  
McKee in Fullerton.

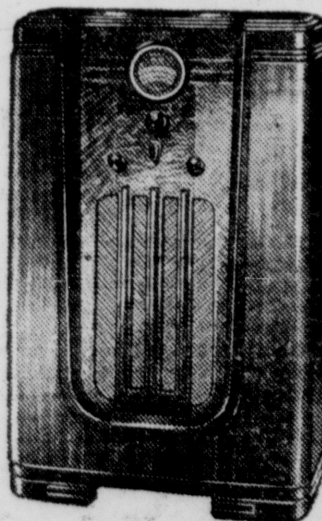

Among the earliest arrivals in  
Orange county who were present  
yesterday was Benjamin Kraemer  
of Placentia. He was brought here  
by his father in 1867. Another  
visitor at the old timers picnic  
for the first time was Miss Mary  
Scully of Corona, born in the San  
ta Ana canyon, nearly three score  
and ten years ago, a granddaughter  
of Don Bernardino Yorba. Per-  
haps the eldest of all the old-timers  
present was Mrs. C. E. French  
of Santa Ana. At the picnic she  
met James Irvine, present owner  
of the San Joaquin ranch. French  
came to this county in the '70's  
as superintendent of the ranch  
when it was owned by the first  
California James Irvine, a '49-er.

Whalebone comes from the  
mouth of the right whale, where  
its comb-like formation is used in  
straining from the water the small  
organisms on which the whale  
feeds.

# IT'S HERE! the New 1937 PHILCO!

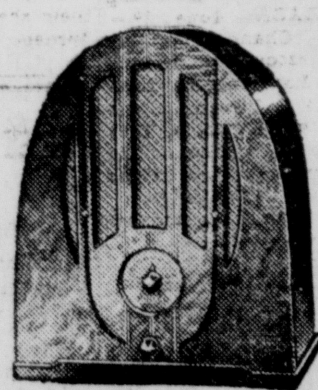

"....again only PHILCO has it!"

Come in and see these new 1937 PHILCOS with the built-in Philco Foreign Tuning System. Easy, quick, accurate tuning by name. Paris, Berlin, London . . . and dozens of other stations named and located in color on the dial . . . Many foreign stations . . . amazing overseas receptions . . . finer American reception . . . See the new PHILCOS at TURNER'S today.

PHILCO 1937 MODEL  
630X, \$85

Sold with Philco high efficiency aerial at \$90 to insure greatest foreign reception.  
A genuine Inclined Sounding Board Philco. Priced amazingly low! American and foreign reception.

**DEATH NOTICES****A WORD OF COMFORT**

When the notion grips you that you have been deluded and deceived, there is an insistent temptation to "get even" by casting aside your ideals and loyalties. There can be no peace in a man's soul while he welcomes such suggestions. Abandoning your allegiance as vengeance upon God would bring nothing but self-disgust, even if you felt that God had cheated you. However your heart may ache, play fair in the game of life and you will keep your self-respect and find the God you seek and need.

POST—Accidentally at Bakersfield, June 26, 1936, Elmer Post, of Bolea, aged 31 years. He is survived by his wife, Vivian Post; his parents, Mr. and Mrs. Charles D. Post, of Bolea; two brothers, S. R. Post and C. R. Post, of Bolea, and four sisters, Mrs. S. S. Sutton, of Long Beach, Mrs. Willard of Bellflower, Mrs. George L. Rainey and Miss Katherine Post, of Bolea. Funeral services are to be held from the Winbaker Mortuary chapel, 609 North Main street, tomorrow, Tuesday, June 30, at 10 a. m. The Rev. George A. Warner, pastor of the First Methodist church officiating. Interment in Westminster Memorial park.

ADAMS—June 27, 1936, Anthony A. Adams, age 41 years. He is survived by his wife Gertrude Adams; one sister, Mrs. Lars Hansen, of Santa Ana; two brothers, C. Adams, of Orange, and Walter Adams, of Santa Ana. Funeral services will be held at 2 p. m. tomorrow at the Brown & Wagner Funeral home, 115 West Seventeenth street, the Rev. Harry Ewing, officiating. Services under the auspices of Santa Ana Lodge No. 794, B.P.O.E. Cremation private at Fairhaven crematory.

GRAY—Mrs. Esther M. Gray, 87, yesterday at her home at Tustin. She had been a resident of this vicinity 48 years. Survivors are one daughter, Mrs. U. V. Straw, of Trabuco canyon, one son, Jesse L. Gray of Dallas, Tex., two nieces Mrs. Earl Matthews of Santa Ana and Mrs. J. W. Hildreth of Costa Mesa, one nephew, H. T. Dunning of Santa Ana and two grandchildren. Funeral details will be announced by the Gilgoly chapel, Orange.

JACKSON—Yesterday at her home, 217 East Broadway, Anaheim, Mrs. Elizabeth Mary Jackson, 56, following an extended illness. Survivors are her husband, Thomas W. Jackson, one son, Earl T. Jackson, Anaheim druggist, three daughters, Mrs. Frank L. Humphrey of Los Angeles, Miss Stella M. Jackson and Miss Margaret Jean Jackson, and one granddaughter, Joan G. Jackson. Funeral arrangements are in charge of Backs, Terry and Campbell funeral establishment.

(Funeral Notice) WIER—Funeral services are to be held tomorrow at 10 a. m. at the Gilgoly funeral chapel, Orange, for William A. Wier, 45, who passed away Friday at El Centro. The Rev. L. L. Chamble, pastor of the First Christian church of Fullerton will conduct the services and interment will be made in the Evergreen cemetery at La Verne. Survivors are his mother, Mrs. Sarah E. Wier of San Francisco, three sisters, Mrs. Genevieve Post of Orange, Mrs. Marian Crawford of Hemet and Mrs. Minnie Cronkrite of San Francisco and one brother, John Wier of Riverside.

Mrs. Esther M. Gray, 87, a resident of this community for the past 48 years, passed away yesterday at her home in Tustin following an illness of nine weeks duration. Until a year and a half ago she was a resident of Orange. She was the widow of the late John T. Gray, who passed away eight years ago and came to California from Condon, Ky. Survivors are one daughter, Mrs. G. U. Star, of Trabuco canyon; one son, Jesse L. Gray of Dallas, Tex., two nieces, Mrs. Earl Matthews of Santa Ana, Mrs. J. W. Hildreth of Costa Mesa, one nephew, H. T. Dunning of Santa Ana, and two grandchildren. Funeral arrangements are in charge of the Gilgoly chapel, Orange.

**LAGUNA BEACH**

LAGUNA BEACH, June 29.—Mrs. Mildred V. Chandler, of Laguna Beach, is recovering in Vilshire hospital, Los Angeles, from the effects of a broken hip, sustained several weeks ago. Friends advised that a plaster cast having been removed, Mrs. Chandler is expected soon to leave the hospital and to return to her home at 567 Flora street, Laguna Beach.

**MISSIONARY GROUP OF M. E. CHURCH MEETS**

Attended by churchwomen from Anaheim, Greenville, Long Beach and San Diego as well as from this city, the Southern District Women's Missionary societies of the Methodist church, South, convened in this city Friday, with Spurgeon Memorial church as headquarters.

Mrs. C. M. Aker, wife of the pastor of the host church, is district secretary, and presided over the session. Mrs. Allison Honer outlined work done by the Santa Ana auxiliary.

"Building the Kingdom Through the Missionary Society" was the general program theme and discussion centered in the various agencies must cooperate in order to bring about desired results. Mrs. Temple of this city, talked on the home; Mrs. Mayhew of Long Beach, on the duty of the church; Mrs. Baldrick of San Diego had community service as her theme, and Mrs. Long of Anaheim discussed work among foreigners.

The Rev. Mr. Decker of Long Beach addressed the women on "The Heritage of Methodism," citing a warm heart, the consciousness of sins forgiven, and the victorious life.

Luncheon was served in the church social rooms followed by devotions conducted by Mrs. Knott of Greenville. Ernest Thacker gave an address on the peoples, industries and Christian work of the Isle of Pines. He is a son of Mrs. Joseph Thacker and a brother of Mrs. Carl Stewart, who with Mr. Stewart, are Spurgeon church missionaries on the Isle of Pines. He expects to rejoin them at an early date for a summer's work among the natives.

A round table discussion and a unified program for the Sunday school on Missionary Sunday was conducted by Mrs. Decker of Long Beach. To Miss Bailey of San Diego was accorded the honor of achieving the high point in personal service by any auxiliary, in her work among the blind.

Special music for the day included a duet by the Misses Mildred Goodwin and Alice Upson, and a solo by Mrs. Ima Baxter, all of the host church. The next district meeting will be in Long Beach in September.

Buena Park Club will meet at 7:30 p. m. tomorrow in the Congregational church. The public and members of the club are urged to attend. The speaker will be Harry D. Riley of Anaheim.

Ocean View Club will meet at 7:30 p. m. tomorrow in the Oceanview grammar school, where matters of importance to the organization will be discussed. Walter R. Robb, Santa Ana, will be the speaker.

Club No. 10 will meet tonight at 7:30 o'clock at the Free Methodist church, F. L. Carrier will be the speaker and election of delegates and alternates for the Cleveland convention will take place. The report of the nomination committee for officers for the coming six months will be given.

In the Azores, natives harness their sheep to wagons as beasts of burden.

## NATIONAL WHIRLIGIG

### — News Behind the News —

BY PAUL MALLON  
Copyright, 1936, by Paul Mallon  
FOOLER

PHILADELPHIA, June 29.—That simple platitude about the consumer in the Democratic platform means more than it says. It is plank number four and consists of one sentence:

"We will act to secure to the consumer fair value, honest sales and a decreased spread between the price he pays and the price the producer receives."

This sounds like a choice collection of fine words meaning nothing, but the real significance of it would be apparent if you could see the rest of it, as originally written by President Roosevelt's platform manager, Senator Wagner.

Unfortunately, the practical politicians on his platform committee would not stand for more than that one sentence. They used a sentence on the rest.

Mr. Roosevelt was content to get in just a single line on it as a basis for the future action he has in mind, so it will stand officially as meaningless until he chooses to interpret it.

Note—As the liberal insiders here say, that is a very touchy socializing reform which must be approached very gradually. They, like Mr. Roosevelt, were content in the end merely to "get in a line on it."

#### COLLECTIVISM

What Mr. Roosevelt has in mind, here again, is possible development of the consumer cooperatives in competition with private business and application of the Scandi-

navian collectivist system in some degree to the United States. Apparently he has no specific plan on it yet.

Specifications will await the return from Europe of the Baker cooperative mission recently appointed. But the president knows what he wants to do, and if he works true to form, he will not pay much attention to the fact that the convention politicians chose not to explain the idea.

Note—Incidentally, Senator Wagner may go to Europe this summer to look into the Scandinavian cooperatives himself. He has been invited. Undoubtedly he will be in charge of any legislation which may arise out of the new course upon which Mr. Roosevelt is embarking.

#### POWER ROW

What kept the platform committee out so long was inside squabbling over planks which did not eventually appear in the final published version.

Hottest and last squabble was over a power plank which hinted at government ownership of public utilities. Senator Black of Alabama kept insisting on it and threatened to remain in session himself for three weeks unless the plank was kept in.

Cooler Senator George of Georgia and Bailey of North Carolina were the ones who stopped it. They said they would carry their fight to the floor of the convention unless the plank was dropped.

Eventually, a special subcommittee was selected to write the milder power plank, finally agreed on.

## FINAL SERMON DELIVERED BY LOCAL PASTOR

Orange Avenue Christian church was a scene which will be ever remembered by the crowds which came to pay tribute to the pastor, the Rev. John T. Stivers as he preached his last sermon before going into retirement after 41 years in the ministry.

Old and new friends of Rev. Stivers were present at the morning services, and the choir under the leadership of Joy Lee Bramley dedicated their anthem to the retiring minister. In recognition of their services to the church, the Rev. and Mrs. Stivers were presented with a pair of blankets on behalf of the congregation by Mrs. C. Brown.

After luncheon served on the lawn of the church grounds, the Rev. S. Buchanan of the First Presbyterian church conducted services. Don Stivers, son of the retiring minister, sang several vocal selections.

## ANAHEIM RESIDENT IS BADLY BURNED

Harry Miller of Anaheim, who occupied a tent house placed on a trailer in an alley between Claudia and Los Angeles streets, was severely burned about the hands, arms and face yesterday morning when he was preparing his breakfast over a pressure gasoline stove. Miller had stepped outside of the tent when the stove exploded, it is believed by firemen, from too high pressure.

He rushed into the tent and carried the flaming stove out, receiving bad burns. The tent was located a block from the fire station and the flames were seen by firemen who went to the rescue with fire extinguishers which were not adequate and the fire truck was taken to the fire. Loss, mostly to valuable guns, is estimated at about \$50.

## ANAHEIM PIONEER CALLED BY DEATH

Mrs. Elizabeth May Jackson, 56, 217 East Broadway, Anaheim, passed away yesterday after an extended illness. She was the wife of Thomas W. Jackson and had been a resident of California for the past 29 years, coming to the state years ago on her arrival in the United States from England. She was born in Kirkcubright, West Moreland county, England.

Beside her husband, she is survived by one son, Earle T. Jackson, Anaheim, three daughters, Mrs. Frank L. Humphrey of Los Angeles, Miss Stella M. Jackson, Miss Margaret Jean Jackson, and one granddaughter, Joan G. Jackson.

Mrs. Jackson took an active part in work of St. Michael's Episcopal church, completing with a wish of the deceased, a private funeral will take place and no flowers are to be sent. Backs, Terry and Campbell are in charge and announcement of details will be made later.

## Burglar Alarm In County Treasury Calls Out Police

A near-riot occurred early this morning when it appeared that there was danger of the county treasury being raided.

The reason for the rumpus was entirely mechanical, and not attributable to human design. It was the fault of the time clock on the treasury vault in the courthouse, which failed to function.

Ordinarily, the clock should be timed to open at 8:50 o'clock. This morning, however, it didn't work right and when an employee of the treasurer's office touched the vault, the burglar alarm sounded and brought forth startling results.

First cordons of California Highway Patrol officers appeared, and then members of the sheriff's office. Every approach to the courthouse was guarded, until it was found that it was a false alarm.

County Treasurer said that besides the local alarm, warnings are sounded at the sheriff's office and highway patrol office.

## Who Wouldn't Stop, Look and Listen to These

Traffic in Long Beach, California, will probably hit a new high during celebration of the annual Sun Surf and Sand Days, when these bathing beauties take over guiding the city's traffic.

## LEGION AND ELKS TO HOLD HI JINKS ON TUESDAY NIGHT

Orange county Elks and Legionnaires are invited to attend a pre-convention show and hi-jinks to be given tomorrow night at the Santa Ana Elks club by the local organization. According to Harold Brown, chairman of the committee in charge of arrangements, funds raised through the show will go to the lodge charity fund and to help defray expenses of lodge officers and delegates to the national convention to be held in Los Angeles.

## P. O. PROJECT IN FULLERTON GETS SETBACK

The Fullerton post office project has been eliminated from this year's federal construction program, following an investigation by treasury and post office field agents, according to word received by The Register today from the treasury's procurement division.

The investigation was made pursuant to a promise by the procurement division to the house appropriations committee and following reports that additional space was needed in Fullerton.

While the investigation confirmed the need for additional space at this office, greater need was found of the 60 million dollar fund elsewhere, officials explained. All voted for federal construction by the congress just adjourned had been allotted, forcing the Fullerton project back on the shelf at least until next year, it was said.

Elimination of the Fullerton project came as a surprise, since it had been listed by the treasury, in its report to the house, as a preferred project.

No one knows the age limits of turtles or tortoises.

## Charge of Fleet Changes Hands

Admiral Joseph Mason Reeves, right, congratulates Vice-Admiral Arthur J. Hepburn as the latter was advanced to commander-in-chief of the United States fleet—a post that Admiral Reeves has filled with honor and glory for two years. Admiral Reeves now goes to Washington to be installed as president of the Naval General Board pending his retirement. The colorful ceremony was held aboard the flagship Pennsylvania, off Los Angeles.

## QUARTET WINS HIGH HONOR AT C. E. CONCLAVE

When Paul and Edgar Elsner of this city and the Misses Katherine and Ellen Collins of Anaheim return home soon from the north, they will bring as a trophy, a silver loving cup which they won yesterday as members of the vocal quartet awarded highest honors at the 34th Christian Endeavor convention in San Jose.

Competing three months ago in an Orange County C. E. convention contest in Brea, the four young people won first place. Thus eligible for the district contest held later at Upland, the group competed the second time and came out winners. Entering yesterday's final contest, which they won, the quartet sang "Life in the Vine" and "Remember thy Creator."

Paul and Edgar Elsner were members of the Orange county quartet which won similar laurels three years ago. Their wives and their father, E. H. Elsner of this city, were present for yesterday's contest. Mr. Elsner returned home last night, but the two Mrs. Elsners remained in the north for a short vacation stay. The two couples will be joined by the Misses Collins in a trip to Yosemite and other points of interest, returning home this week.

Several Orange county residents were present for the conclave which opened Thursday and closed last night. Earl Zahl of Anaheim, president of Orange County C. E. Union, was among the delegates in attendance, as were the Misses Leola Schroeder and Velma Witt of this city.

## SWIM CLASS FOR MEN AT Y PLANNED

A special swimming class for men will be offered at the Y. M. C. A. on Wednesday from 8 to 9 p. m., according to an announcement made through the Y offices today.

The class has been established in answer to requests from a number of business men who have expressed a desire to learn or improve their swimming. The class will be open to all. There will be no charge for men belonging to the Y. M. C. A., any others will be charged lessons fees.

The fact that the Y receives support from the community chest makes it possible to offer the classes at a fraction of their actual cost. The new class offered for men, in addition to the classes for boys, girls and women, make it possible for the whole family to learn to swim.

## INDECENT EXPOSURE BRINGS \$200 FINE

A \$200 fine was administered upon B. C. Thompson, 34, of Route 4, Box 331, Santa Ana, Saturday, by City Judge J. G. Mitchell after Thompson had pleaded not guilty and then guilty, in connection with a charge of indecent exposure filed against him. Thompson who paid \$100 cash and agreed to pay the remainder at \$25 per month, was arrested in a truck opposite the city hall. Thompson said he was a water pumpman. He was apprehended by Officer N. C. Nelson and Earl Lentz, city license inspector.

## Police News

Officer Horace Lucy of Placentia arrested Gregorio Hernandez, 52, of Placentia, at 1:30 a. m. yesterday and charged him with disorderly conduct after booking him at county jail.

An automobile thief disappeared Saturday evening from Birch street between Third and Fourth, with a car belonging to Paul Canaday, 907 Townner street, Mrs. Canaday reported to city police. The car is a maroon-colored 1934 Ford Victoria sedan, valued at \$700. Police sent out state-wide teletype and Southern California radio broadcast.

A burglar became a racketeer last night at the home of E. R. Childs, 1201 South Broadway, when he entered by an unlocked door and stole Franklin Childs' \$9 tennis racket. City police investigated today.

Disappearance of Mrs. Irene Russell, employed at 1247 South Main, was being investigated today by city police. Her friend, Dorene Wire, 1218 South Main, reported she left for Long Beach with Paul Knudson Saturday evening and had not returned home. It was feared she might have been involved in an automobile crash.

Three persons paid fines in city court Saturday, after pleading guilty to speeding charges. They were Francisco Palomino (also charged with cutting in), Costa Mesa, 110; L. L. Doffmeyer, Dexter, 48, and Hildea Mera, Route 2, Box 222, Santa Ana, 38. Carl R. Edgar, Charles L. Logan and Lester E. Berry paid \$1 each for illegal parking.

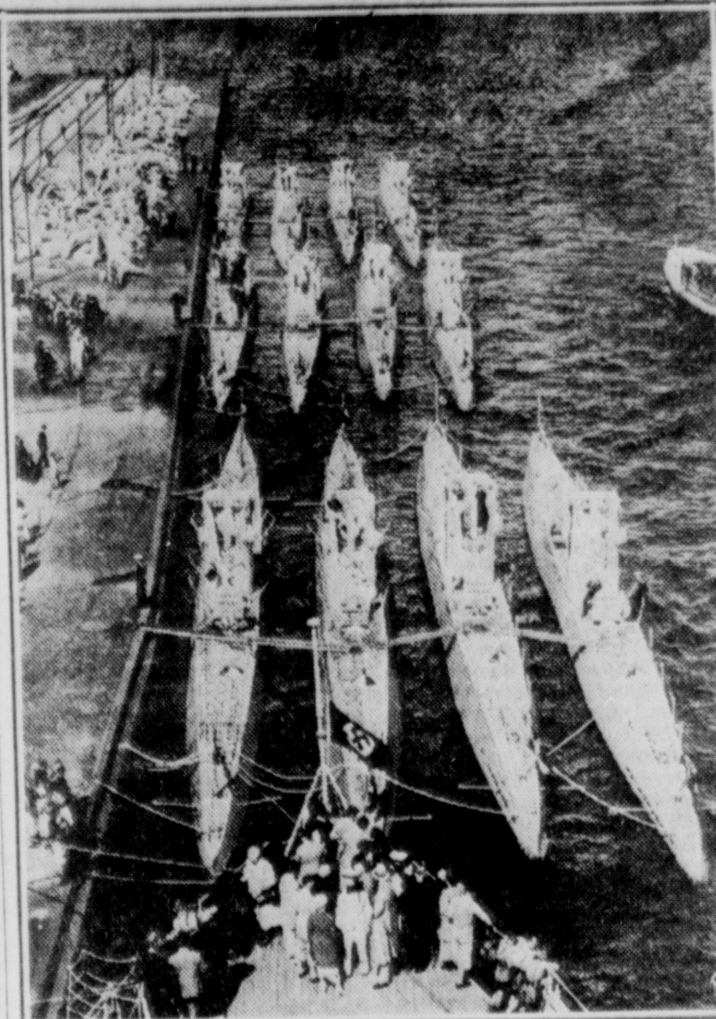

Sam Ross, 23, Brea, was jailed Saturday by Deputy Sheriff G. J. McKelvey on a warrant issued by Justice Charles Kuechel, Anaheim, charging non-support of a minor child. Bail was set at \$500.

An alleged strike agitator, Francisco Garcia, 31, of Oxnard, began serving a 30-day jail term here over the weekend, after arrest by California Highway Patrol Officer Floyd Yoder, and conviction, on charges of permitting an unlicensed driver to operate his car and failing to mark a change of address on the reverse side of his operator's license.

Arrested by Deputy Sheriff John Ryan, W. P. Bouvier, 34, Bakersfield, was returned to Orange county jail Saturday evening to face charges of issuing a bank check with intent to defraud, justice Charles Kuechel set bail at \$1000 in Anaheim court.

A new kind of "firecracker" complaint was investigated by city police yesterday morning, after officers had filed more than a score

## Rewriting U-Boat History

With the treaty of Versailles, the world thought the menace of U-boats had been abolished for all time, but that the Hitler regime is busy rewriting the story of Germany's maritime might becomes more apparent with every Nazi naval display. Pictured is a squadron of twelve U-boats, more deadly than the old because completely modern, massed at Swinemunde for fleet maneuvers.

of complaints regarding noisy parades celebrating by children during the past two weeks. Neighbors in the vicinity of 800-block, South Sycamore, reported "adults are busy shooting firecrackers this morning and disturbing the neighborhood." The noise had ended when officers appeared on the scene.

David E. Hughes, 1902 Bush street, asked city police yesterday to help him find his six months old cocker spaniel dog, Pal, which disappeared—lost strayed or stolen. The dog is described as black "with white on toes and white spot on tummy".

Once more city police were called upon to investigate mysterious markings in chalk or powder on doors and doorsteps when L. A. Schlesinger, 417 South Birch, reported Saturday he found the screen door marked with a letter "C". Previously other Santa Anas found strange check-marks at their places which officers believed were left by soap salesmen who left samples and asked to return later to "push" sales. Officer Hunter Leach, investigating the Schlesinger complaint, said he believed the mark left at the Schlesinger door was made by a face powder salesman from Los Angeles who also wanted a check on his canvassing "for future reference."

Because he entered the Charles Kelley drug store Saturday night in an allegedly intoxicated condition and demanded poison with which he could kill himself, a man described as John Roberts, mail carrier, was sought by city police. The man has disappeared when officers arrived on the scene.

A battle royal took place on the front porch of the V. D. Cox home, 1140 West Walnut street, yesterday afternoon between a man and a woman but when police arrived, the couple had taken their battle elsewhere. How the couple arrived at the conclusion that the Cox front porch would be a good place to "have it out" went as an unanswered question. Mrs. Cox, reporting the man was giving the woman a good beating, declared the woman asked her to call police. Immediately afterward, the couple chose a new scene for their duelling.

## 90 PAY VISIT ON SUNDAY TO CAMP OSCEOLA

With 90 visitors in camp, a new high record for Osceola, the Orange county Y. M. C. A. camp in the San Bernardino mountains, was set yesterday, according to an announcement made today by Secretary D. H. Tibbals, who is in charge of the Santa Ana boys' program. Tibbals reported that 230 people were served at the camp dining hall yesterday noon. This figure includes campers and their visitors. Ideal weather conditions and a splendid barbecue dinner combined to make the occasion enjoyable for the visitors, many of whom arrived in camp in time for the morning services. All reported satisfaction with the work that is being done with the boys.

A number of the campers have qualified as rangers, and many more hope to do so before the conclusion of camp Thursday. Several Santa Ana boys are planning to attend the next camp period with the Fullerton boys. Any others desiring to attend the Fullerton camp are requested to register through the Santa Ana Y. M. C. A. office.

## CONCENTRATION STILL DECIDES GOLF CHAMPIONSHIPS

NEW YORK, June 28.—Clubs during 1927 and part of 1928 when he changed a lot in a quarter of a century. The ball has undergone revolutionary changes. Courses have been improved. But, as Walter Hagen points out, the same mental quality that decided golf championships when he participated in the first of his 22 United States Opens in 1913 still is paramount—concentration.

"There were 30 golfers at Baltusrol who had the mechanical skill required to win the United States Open, but how many of them could keep on concentrating for 72 holes?" asks Hagen. "How many could dismiss a bad shot as soon as it was made and focus their minds on the next stroke?" "I could do that once, but my mind strays now."

"Mechanically I'm hitting the ball more soundly than I did 20 years ago. I'll go along fine for five or six holes, and then my mind begins to wander. That means that my mind slipped a cog. Something distracted my attention momentarily. I still concentrate on the tough shots, but I can't rattle my thoughts on the easy ones as in years gone by."

"After you've been in the spotlight for 20 years you lose a certain keenness."

**LITTLE WORLD OF OWN**  
"Bobby Jones could concentrate to a greater degree than any other golfer. Here is an example of how the Georgian walled off his mind from all outside happenings."

"When Jones won the National Amateur at Braeburn in 1928, one of his drives hit a spectator. The victim dropped as though beamed by an ax. They rang for an ambulance."

"Such an accident would have unnerved most competitors, but Jones was concentrating so only he could and the incident didn't distract him. He lived in a little world of his own. He saw nothing but the ball; thought of nothing but the next shot."

Hagen attributes golfers falling away after comparatively brief winning streaks to their having played in a self-hypnotic trance. "Johnny Farrell was invincible

because he was concentrating so only he could and the incident didn't distract him. He lived in a little world of his own. He saw nothing but the ball; thought of nothing but the next shot."

# DAVISCOURT TESTS SENIOR PICO

## Perry Rout 'Bitsy' Grant

### ALLISON ALSO BEATEN; BUDGE LAST U. S. HOPE

WIMBLEDON, Eng., June 29.—(UP)—Don Budge, the red-topped California youngster, became America's sole hope in the all-England tennis championships today when his two Davis Cup mates, Bryan (Bitsy) Grant of Atlanta, and Wilmer Allison of Texas, were defeated by England's two top-ranking players in quarter-final round matches.

Budge gained the semi-final round with a 6-2, 6-4, 6-4 victory over Adrian Quist, Australian champion and cup star, but Grant and Allison bowed to Fred Perry and Wilfred (Bunny) Austin, respectively. Perry, defending champion, and No. 1 in the world, toyed with the little Southerner to win, 6-4, 6-2, 6-1, while Austin overwhelmed Allison, 6-1, 6-4, 7-5.

Baron Gottfried von Cramm of Germany moved into the semi-finals with a 6-1, 7-5, 6-4 victory over Jack Crawford of Australia. Von Cramm plays Austin in the semi-finals and Perry meets Budge.

Today's matches were played before a capacity crowd of 20,000 and on a court that was slippery from rain. Play was halted by rain for an hour when Allison and Austin were in the second set.

Budge won just as easily as his comrades lost. Quist never threatened the hard-hitting coast youngster. Grant, handicapped by the treacherous footing never had a chance with Perry. Playing once again at the pace which won him the last two Wimbledon titles, Perry literally blasted "Bitsy" from the court. He encountered little difficulty in solving the Southerner's pit-pat style.

"He will growl at you if you speak to him, if he happens to have that sort of a disposition, or else he may answer you politely with a smile and yet never absorb a word you say."

"Glib talkers and wisecrackers who are the life of the locker room party seldom concentrate on the links. Human claims are more likely to burn up the course."

**Beach Boosters Raise Fund, Send Star East**

HUNTINGTON BEACH, June 29.—Ann O'Brien of this city today was enroute to Providence, Rhode Island, to run in the final American tryouts for the Olympic team. If she places there, she will go to Berlin, Germany to run in the Olympic Games.

Mrs. O'Brien is a member of the Far Western team made up of athletes from Nevada, Idaho and California. Accompanying her on the trip were Simone Schiller of Monrovia, hurdle runner, and Marguerite Caswell of Los Angeles, 100-meter runner. They qualified in Far Western tryouts in Los Angeles, Saturday.

The tryouts it was found there was no money to send the athletes to Providence. Mrs. O'Brien and the other winners were disappointed, but when the information spread around Huntington Beach, local enthusiasts formed an "Ann O'Brien club" with an initiation fee of \$10 and quickly raised \$150 to finance her trip east.

Those who formed the club were: Mayor Willis H. Warner, Dr. Douglas Hough, Lee Chamness, John T. Africa, John H. Marion, D. T. Tarbox, W. H. Gallienne, W. J. Bristol, H. A. Wood, J. S. Denny, Huntington Beach fire department, Huntington Beach police department, Dr. L. F. Whitaker, D. C. Terry and the Windsor club.

**LEHR NINE BEATEN BY BAKERS, 7 TO 5**

Perfection Bread of Glendale, one of the outstanding baseball clubs of the Southern California association, had a tough time beating Lehr's Service at Glendale yesterday. The score was 7 to 5, with most of the run-making coming in the late innings. Peterson pitched good ball for Lehr and also hit a single, double and triple. The score:

Lehr's Service AB RH Pct. Bred AB RH Pct. Jesse 4 4 0 Pope 4 4 0 White 1b 5 0 Timm 5 0 0

Duncan 3b 2 Bernadino rf 4 1 2 Duggan 2b 1 Goodman rf 5 2 2

San Diego 4b 4 3 338 Los Angeles 4b 4 3 338 San Francisco 4b 4 3 338

VAUGHAN SLOWS SWING PITTSBURGH, June 29.—Arky Vaughan, Pittsburgh shortstop who slumped at the plate this season after leading the league last year, is gradually building up his batting average. Observers say he has slowed up his swing, straightening out the fouls he has been hitting with a fast cut.

### Grid Hero Turns to Swat Game

George Theodore won All-Coast honors and All America mention while playing football at Washington State College, heaved the shot 53 feet 6 inches in track, and went places in collegiate boxing. Now he's decided to be a fighter, and he's shown with his manager, Paddy Ryan, who has developed a lot of stars. That powerful left arm floored Ray Impeller, heavyweight contender, in a gym workout.

### Marjorie Lauderbach Bags Beach Net Title

Taking up the cudgels for Santa Ana when her fellow townsman, Lewis Wetherell, fell by the wayside, Marjorie Lauderbach scored one of the most impressive tennis victories of her career by defeating Elizabeth Deike of Pasadena for the women's singles championship in the annual Long Beach Open tournament Sunday.

Miss Deike, National Public Parks champion, had been favored but Miss Lauderbach, who goes to U. C. L. A., turned her back in straight sets, 6-4, 7-5.

Wetherell reached the men's singles final before he was defeated by Dr. Gerald Bartosh, 20-year-old Los Angeles chiropractor, 8-6, 6-3, 1-6, 6-4. Dr. Bartosh's experience gave him the edge over the young Santa Ana collegian.

Miss Lauderbach and Wetherell will now turn their attention to the Orange County tryouts for the U. S. Public Parks championship. This tournament is scheduled at Fullerton July 5 and July 12, the winners to represent this district in the Southern California finals. The Southern winners will be sent east.

**Ontario Pugs On Card Here Thursday**

Ontario is sending down its leading amateur boxers to compete against the outstanding scrappers performing at the Orange County Athletic club Thursday night. Promoter Sam Sampson announced today.

Sampson already has the assurance of Ray (K. O.) Vargas, the Placentia Mexican middleweight who won his only two fights via the kayo route, that he will be back in action and that Willard Wright, the Fullerton junior college scrapper also will be on the card.

Both Vargas and Wright appear to be two of the outstanding young stars uncovered in this section in years. Vargas looks like another "Wildman" Macias, with the kayo punch of Zenado Chavez in his two-fists, Maxie Moore, Joe Orona and other local favorites are being sought to appear.

**MARINO 7-5 CHOICE IN BANTAM BATTLE**

NEW YORK, June 29.—(UP)—Tony Marino, Pittsburgh Italian, is a 7 to 5 favorite to defeat Baltazar Sangchille, of Spain, in their 15-round boxing match tonight. The two are fighting for a title bout with Sexto Escobar, recognized by the New York athletic commission as world's bantamweight champion.

**DAWSON WINNER OF TRANS-MISSISSIPPI**

WICHITA, Kans., June 29.—(UP)—Smooth-stroking Johnny Dawson, today held the Trans-Mississippi golf tournament title which he missed twice previously only in the finals.

The cool Chicago player yesterday broke the spectacular playing of George Matson of Wichita, who eliminated Champion Johnny Goodman, and won the title 3 and 2.

**SUTTER OF TULANE COLLEGE NET RULER**

EVANSTON, Ill., June 29.—(UP)—Ernest Sutter of Tulane was National Intercollegiate tennis champion today by virtue of an easy, straight-set victory over Vernon Johns, Southern California, in Sunday's finals.

Sutter, whose steady ground strokes and canny pass shots gave him a long advantage, won 6-4, 6-4, 6-4. Johns was seeded second in the meet.

### 'NO-HIT' ORTEZ GOES AGAINST ELKS AT BOWL

SANTA ANA CITY LEAGUE W. L. Pct. Latter Day Saints 1 0 1000

Santa Ana Elks 1 0 1000 Knights of Columbus 1 0 1000

First National Bank 1 0 1000 Joe's Grocery 0 1 000

South Methodists 0 1 000 Carpenter's Union 0 1 000

Commercial Nat'l Bank 0 1 000 Tuesday's Games

7:30—First National vs. South Methodists; 9—Elks vs. Knights of Columbus.

Swarthy Ray Ortiz, the Anaheim schoolboy who pitched a no-hit game against the champion Commercial Nationals last week and seriously crippled the Bankers' second-half titular aspirations, goes into the Bowl tonight to see if he can jeopardize another club's hopes.

Ortiz again will be on the firing line for the Knights of Columbus, who tackle the Elks at 9 o'clock. The Elks won the City league pennant last year and figured in the first-half picture this season until beaten by the Commercial Nationals on the last night.

With a snappy club behind him, Ortiz looked almost unbeatable against the bank. He merely toyed with the champions while striking out 16 in a seven-inning struggle, every banker making the long trudge back to the bench at least once. Ortiz has been a much sought pitcher but so far has been adamant to all National and Orange County league offers. If he remains with the Knights of Columbus the Catholics look strong enough to finish one-two in the Santa Ana race.

Ken Miller, boss of the B.P.O.E., will start Gil Yorba against the "boy wonder." Joe Cornelius will be available if the "Caseys" find Yorba no puzzle.

The First National bank and the South Methodists clash in tonight's curtain-raiser.

**IRVINE INVADES BREA**

Seeking to protect their slender lead in the Orange County league, Irvine's Beapickers invade Brea tonight before meeting Anaheim Thursday in what amounts to a championship conflict. With Rudy Montgomery again on Brea's slab the Lions are an even bet to topple Irvine. Anaheim meets San Juan Capistrano. The standings:

ORANGE COUNTY NIGHT LEAGUE W. L. Pct. Irvine 10 2 .833

Anaheim 9 3 .750 Brea 8 4 .667

Placentia 6 6 .500 Huntington Beach 1 11 .083

San Juan Capistrano 1 11 .083 Tonight's Games

Irvine at Brea; San Juan Capistrano at Anaheim; Placentia at Huntington Beach.

**SMITH-CORONAS LOSE**

Getting to Pitcher Edith Armfield for six runs in the third inning, the Averill cafe girls' team of Los Angeles overtook the Smith-Coronas of Santa Ana at the Municipal Bowl Saturday night and piled up a lead that gave them a 12-5 victory. About 400 watched the fray. The box score:

Averill Cafe AB RH Smith-Coronas AB RH

Smith 2b 1 Howell ss 1

Lake lf 1 Stevens 3b 1 Kunkle 3b 2 Miller cf 2

Bocher ss 4 Lohr 1b 3 Gottleiber 2b 1 Dahm rf 4

White lf 2 Peterson 2b 4 Fogg of 3 Giddings c 1

Harrison rf 0 Hunt if 0 Mitchell c 3 Armstrong 1b 0

Totals 31 12 6 Score by Innings

Averill Cafe 30 0 13 Smith-Coronas 400 103 0-8

**INLANDERS NEAR END**

The American Night league first-half race ends tomorrow night, Covina already having clinched the inland championship. The standings:

AMERICAN NIGHT LEAGUE W. L. Pct. Covina 9 1 .900

Riverside 8 1 .889 San Bernardino 7 4 .630

Arlington 3 8 .269 Colton 1 10 .091

Tuesday's Games Covina at Colton; San Bernardino at Arlington; Riverside, bye.

KENNEDY DEFENDS TITLE

The boy wonder of Santa Ana's greens and fairways, 17-year-old Don Kennedy, goes to Los Angeles tomorrow to begin the defense of his Southern California junior golf championship.

This year the tournament is being played at Bel-Air, way off in the Santa Monica district. The course is tough, rough and nasty. The layout is long, the fairways extremely narrow, the pitfalls numerous.

Although he shot a bustling 75 at Bel-Air in a practice round last week (the first time he ever played the course) and was one under par on the backside, Kennedy is apprehensive about his game. He says he hasn't been hitting 'em the way he likes. His confidence seems shaky. As a matter of fact he might pass up the competition altogether if he were not the defending champion.

Don has been too busy to practice much. He is attending summer school in an effort to get his credits in shape to enter Stanford in October, and his golf has naturally suffered. But if he gets "on

his game" as he did last year there isn't a junior in the country who can take his measure. Kennedy's six rounds averaging 70 a year ago were flashes in the sun. The kid shot that way all the time when he's right.

Jack Robinson, Santa Ana's other juvenile ace, isn't eligible for the junior event because he's 13 years old.

It will be a long time before Santa Ana ever develops two such players as Kennedy and Robinson. Don is junior champ, and Jack holds the Southern California high school championship. Classmates now, they'll be battling each other as rivals in years to come since Robinson is going to the University of Southern California. The Trojans want Jack for his football ability but in the spring he'll be on the fairways. He and Kennedy can make the golf team of any college in the country right now.

**DON KENNEDY Apprehensive About His Game**

Mr. and Mrs. Dean Campbell shot a 364-62-302 to win the Santa Ana Country club's husband-and-wife golf tournament, completed yesterday after a month of play.

Mr. and Mrs. Hugh Shields were second with a 368-62-306. Then came Mr. and Mrs. N. W. Miller, 381-74-307, and Mr. and Mrs. B. W. McClure, 381-72-309.

Saturday's sweepstakes winners: Dean Campbell and Mickey Walker, 74-16-53; Ed Robbins and Ed Holmes Jr., 75-12-53; Hugh Shields and H. B. Rapp, 74-15-53. Lawrence Benis defeated Bob Miller, 3 and 1 in a much postponed final round in the Defeated final of the club's championship tourney.

**FLYING CUBS SWEEP BY CARDS INTO LEAD**

NEW YORK, June 29.—(UP) Charley Grimm's champion Chicago Cubs were perched atop the National league again today after dislodging the St. Louis Cardinals by setting the most furious mid-season pace the baseball world has seen in years.

After holding the league lead three short days before surrendering to the Cards May 8, Grimm's baseball machine virtually disintegrated and dropped to fifth place by losing 11 out of 16 games. The frantic club manager appealed to Owner Phil Wrigley for a pitcher to bolster his hurling corps.

**MRS. MOODY WINS IN MIXED DOUBLES**

BERKELEY, June 29.—(UP) Helen Willis Moody and her partner, Edward (Bud) Chandler of Berkeley today held the California state mixed doubles championship through their victory over Henry Culley, Santa Barbara, and Miss Margaret Osborne, San Francisco, whom they defeated 4-6, 6-1, 6-4.

209 EAST FOURTH — SANTA ANA

## SELECT NAME OF NEW SANTA ANA THEATER

The new \$40,000 theater now being built by Charles and Victor Walker at Third and Bush streets, where the old Temple theater was located, is to be known as Walker's theater, it was announced today by the builders.

Orders were placed Saturday for the marquee of the new theater, which is to be of modernistic design in keeping with the architecture of the new building. It will carry the new type changeable signs for advertising current attractions, with black silhouette lettering against a white background. This will add much to the attractiveness and brightness of the theater, it is anticipated.

Vic Walker, manager, announced today that he has just signed a contract with RKO productions for their feature films. Some of the films thus secured for future patrons of the new theater include "Mary of Scotland" with Katharine Hepburn; "Street Girl" with Lily Pons; and "Robber Barons" with Edward Arnold.

Popular screen stars whose films will be released for showing in Santa Ana under the new contract also include Fred Astaire and Ginger Rogers, Robert Donat, Barbara Stanwyck, Herbert Marshall, John Boles, Joe E. Brown, Bobby Bren, Wheeler and Woolsey, and Joe Penner.

Other attractions which the contract covers include "The March of Time," "Major Bowes Amateur Hour," "Mickey Mouse" and Walt Disney's "Silly Symphonies." Walker said today it is expected that the new theater will open about August 15.

## SEWING CLASS FOR ADULTS TO START

A sewing class for adults, sponsored by the Adult Education class of Santa Ana, will be conducted each Tuesday and Wednesday afternoon at Lathrop junior high school. The first of the series of classes, which will be held at 2 p. m., will be conducted tomorrow.

The classes will be under the direction of Blanche Palmer, sewing instructor in the evening high school, W. W. Wieman, head of the adult education department, announced that all women interested in learning new phases of sewing are welcome. There is no charge, and women attending the school will be required only to bring their own materials with them.

## RADIO NEWS

The latest waltz hit, "Would You," from the motion picture, "San Francisco," will be a high light of Ricardo's quarter-hour violin recital over the NBC-Pacific Coast Blue network today at 8:00 p. m.

Vest Pocket Varieties, a miniature musical revue, will be presented by Jack Meakin and his orchestra and the Williams Sisters trio during a broadcast over the NBC-Pacific Coast Blue network today at 9:00 p. m.

Fibber McGee and Molly, World Champion Liar, and Woman's Champion Heckler, respectively, will be heard over the NBC-Red network at a new hour, at 8:00 p. m., beginning with the broadcast today.

The history of journalism from the Stone Age to the present day, with special emphasis on the growth of the newspaper since the invention of the linotype in 1885, will be dramatized over the NBC-Blue network at 4:00 p. m. today, in a joint tribute to the Fourth Estate by the Mergenthaler Linotype Company and the National Broadcasting Company.

With Jeannette MacDonald in the leading role, the Lux Theater of the Air will for the second time in its long and brilliant history present a radio adaptation of an opera when it presents Harry Tierney's "Irene" over KJH and other stations in the nationwide CBS network today from 5 to 6 p. m.

Patsy Kelly, young film comedienne, will be guest of Ben Bernie and All the Lads on the American Can Company broadcast tomorrow, from 5:00 to 5:30 p. m., over the NBC-Red network.

Rosemary Dillon, Eddie Dean and Ben Gage, stars of the "Modern Cinderella," carry forward the plot of this interesting serial story of a small-town girl seeking musical fame on Broadway, in its broadcast over the KJH-Columbia network tomorrow from 9:00 to 10:00 a. m.

Opening his program with the vocal assertion that "There Isn't Any Limit to My Love," Jimmy Farrell, CBS baritone, will be heard over the Columbia network tomorrow, from 1:00 to 1:15 p. m.

Columbia's Concert Hall will present Victor Bay and the Columbia Chamber Orchestra in a distinctive program of music seldom heard on the air during the broadcast over the nationwide KJH-Columbia network tomorrow, from 12:30 to 1:00 p. m.

The Van Vleet Trio will be guest artists during the NBC Music Guild broadcast tomorrow, from

9:45 to 10:30 a. m., over the NBC-Red network.

## WRITING —TO SELL—

By ETHEL K. LOCKWOOD

I have had numerous requests for instructions on how to write a book.

There is no formula. There are certain styles in books, just as in short stories and other types of writing, but you can't put your finger on a definite "do-or-don't" except "make it interesting."

The person who has in mind the production of such an important piece of work as a book, needs to go into the preliminaries with a great deal of thought. Just why should he write a book? What material does he have that is not readily available to other writers, or that he has reason to believe he can present with greater power or authenticity? Is his education such that he can tackle the job with confidence?

Gathering material is, naturally, the first step. The writer should have notes, information, all the hundred and one little items that go into the making of his plot, all at hand—and on paper—where he can sort them into some kind of shape before he begins the actual writing.

This is tedious. The average beginner thinks he can shove a piece of blank paper into his typewriter, give it a title, number it chapter 1, page 1, and be on his way.

Nothing could be farther from the right way to start writing a book. Once the material is in hand, it should be divided into sections,

keeping in mind the way the story is to be presented. It is a good idea to start out with a file of some sort, and as ideas come to you, jot them down, and slip them into their proper compartments. They'll probably be changed around many times before you are satisfied they are in the right places, but it will give you something definite to work with, and is your logical starting point.

Make folders for the number of chapters you think you will need to present your story properly, and be sure you have something definite and worth working on, IN EACH FOLDER, before you embark upon the real production.

After your material has been gotten together, you need to decide what type of book you are going to write. If it is fact material, you will probably go in for non-fiction. In that event you need only be yourself, and present the material as clearly and attractively as you can.

Two Types of Fiction Fiction-writing calls for another method. There are two distinct types of novels—the romantic and the realistic. You need to decide early in the game just which type of book you are going in for. If you believe your material is adapted to realistic treatment, by all means use it. If you feel it needs a lighter, more romantic touch, by all means go romantic with a vengeance.

When you have decided the type of novel you are going to write, you should go to your library and select two or three good examples of that type of writing, and read them carefully. Be sure to look for the thing that made the book "tick"—the allure that brought the author an editor's check. Then—measure your own material accordingly. If you are a conscientious, clear-seeing person, that may be the end of your novel-writing, for the time being. You may realize you do not have enough material for a novel, or that you do not feel quite up to telling the story as you would like to.

At any rate, you need to do a lot of thinking before you tie yourself to your typewriter for three months to a year, and the best time to think is before you have started to write.

However, if you are fully convinced that you do have worthwhile material, and you have it in proper shape to attack intelligently,

## GIRL NAMED TO CARRY BANNER OF LOCAL ELKS

The Santa Ana Elks lodge today announced the selection of Miss Margaret Ellen Sawyer as this city's representative in the Parade of Beauty which will be held at the palomar in Los Angeles as a feature of the Elks Grand Convention hall, July 14. Miss Sawyer will enter into a contest with dozens of girls representing the various Elks lodges in California for the honor of becoming Miss Liberty.

Miss Liberty and her attendants will ride on the Elks illuminated float depicting the B.P.O.E. platform of rugged Americanism in the Motion Picture Electrical Pageant on the night of July 15. Beside the honor of receiving the title of Miss Liberty, the winner in the contest will receive a Hollywood screen test. The winner will be chosen by a jury of motion picture directors, artists and representatives from all the lodges entering candidates.

Santa Ana's representative, Miss Sawyer, had the honor of being crowned Queen of Santa Ana's Fiesta Del Oro, two years ago. Her selection by the local lodge was based upon personality and charm.

## Friends Guests At Bridge Party

LA HABRA, June 29.—Mr. and Mrs. Alex Morrison were hosts Saturday evening to a group of friends in their La Habra Heights home. Bridge was played during the evening, with prizes awarded to Mr. and Mrs. P. B. Clark for high score and to Mr. and Mrs. Glen Foist, consolation.

Guests were Mr. and Mrs. L. L. Clark, Mr. and Mrs. Norton Skinner, Mr. and Mrs. P. B. Clark, Mr. and Mrs. Douglas McGill, Mr. and Mrs. Claybourne Swift, Mr. and Mrs. Glen Foist and Mr. and Mrs. Orville Proud.

go to it, and don't let anyone discourage you. Nobody can tell beforehand whether or not a novel is going to "click." What I think—or other people think—should not influence you, if you are sure you have selected material worth putting on paper.

## JIMMY FIDLER in —HOLLYWOOD—

HOLLYWOOD, June 29.—Personal observations: Lionel Barrymore is untidy; he usually wears baggy-kneed pants and his shoes are rarely polished. Joan Crawford looks the way her mouth corners droop and that is why she emphasizes the downturn with lipstick. Randolph Scott walks and stands like a West Pointer. The only two Miriams I know are ravishing blondes: Miriam Hopkins and Miriam Jordan. About half the time Fred Astaire employs a jogging trot instead of walk to get around the studio grounds. Every tall star I know has the chin stroking habit; Gary Cooper, Cary Grant, Fred MacMurray, James Stewart, all rub their chins when in thought.

Ned Sparks has the cold-steel eyes in Hollywood, he seems to bore holes when he stares. Phew! and has the new Mrs. Jack Oakie scissored her new husband's liquor bill! Whenever I see Ross Alexander, his eyes suggest tragedy; since his wife's suicide they seldom seem to join his lips in smiles. For my money, Rosalind Russell wears funnier hats than Betty Furness. I laughed right out loud at what resembled an inverted coffee pot on Rosalind's head last night. As long as I have known Irene Dunne, I have yet to hear her utter a word of catty gossip. Palm readers might learn more from Sir Guy Standing by reading his face; no other Hollywood features reveal a better story.

One of the local branches of the Parent-Teachers association convened by invitation at Mary Pickford's home a few days ago. It happens that the public-shy Ron-

ald Colman lives next door to Mary, and it also happened that Ronnie left his house to walk down the hill to his parked car just as the P-T. A. meeting broke up. Colman was hopelessly trapped among what must have seemed to him ten million women but he hailed a passing police car and was wadded away. Ronald left his own automobile at the bottom of the hill, and when he returned home late that evening, he discovered that the machine had been sheered of every removable gadget and knickknack. He does not know yet whether souvenir-hunters or sneak thieves robbed him.

Allan Mowbray has a lovely little daughter, aged five, named Dorothy. She attracted the attention of a guest in a local club the other late afternoon. This guest, learning the child's name, asked, "Where is your father?" "Oh, he is downstairs," gaily informed the child, "getting drunk!"

The local fire department is still blushing after that ludicrous happening of yesterday. A blaze broke out on a studio set, and several fire trucks answered the call. I might say at this point that all studio fires are three-alarm calls, which means that extra equipment rushes to the scene of the conflagration. The reason for this, of course, is that studio buildings are flimsy and motion picture film is highly combustible. A spark might turn swiftly into a million dollar burning hell if not checked. But let me see, I was telling you about the incident yesterday. One of the engines raced into the studio, stopped at a fire hydrant, hooked on the hose and

turned on the faucet. But no water came. The fire department had attached its hose to a fake hydrant that was part of a street scene!

## BREA

BREA, June 29.—Mr. and Mrs. E. H. Rodger had the recent dinner guests, Mr. and Mrs. J. C. Gourley, Dr. and Mrs. D. W. Goodwin and house guest, Mrs. Donald Theakston, of Pittsburgh, Pa. Following dinner the evening was spent in playing monopoly.

Mr. and Mrs. Gourley, accompanied by Mrs. Theakston, are leaving within a few days for Pennsylvania, where the Gourleys will visit for the summer.

Tom McElheney, for the past several years associated with the Crystal Ice company, has resigned and is leaving at once for his new home in Lynwood. He is to be with the Oil Well Cementing company. Harvey Boyd, who has been working with McElheney for the past month, will succeed him and will be assisted by Frank Rayburn.

Mr. and Mrs. Charles Mosely, accompanied by Howard Swope, are enroute by automobile to Chicago, where the Moselys will visit with relatives. Returning they will visit also in Kansas. Swope will go on to Michigan and expects to drive a new car home.

Mr. and Mrs. Horace Chansler, with Mr. Chansler's sister, Miss Mae Chansler, have left on an automobile trip to Niagara Falls, New York City and points in Canada. They will also stay in Los Angeles. They will visit with Oscar Woodward, a brother of Mrs. A. B. Bowie of this city. Mr. Chansler expects to drive a new car back home.

Miss Myra May left by boat Saturday for San Francisco from where she will go to Auburn for a

two weeks visit with her father C. W. May.

Mr. and Mrs. Forest Smith, residents of Brea for some time, have moved to Costa Mesa.

Mrs. Kate Folkemer entertained

ed 15 members of the Pythian Sisters club in the Brea city park Friday, the group enjoying a 1 o'clock luncheon. The afternoon was spent in needlework and a social time.

## BEWARE!

## YOU NEED THIS BLOW-OUT PROTECTION . . .

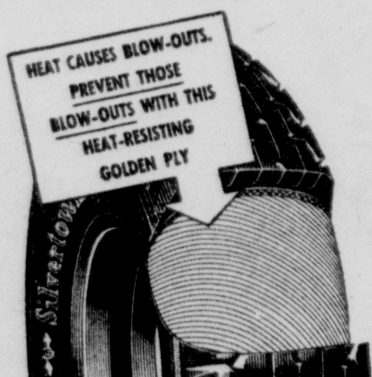

only Goodrich Silvertowns have  
the Life-Saver Golden Ply

THE yearly toll of injuries and deaths due to blow-outs runs into the thousands. And here's why. Today's high speeds generate terrific heat inside the tire. Rubber and fabric begin to separate. A tiny blister forms and grows bigger and BIGGER until, sooner or later, BANG! A blow-out!

Since the earliest days of the automobile, The E. F. Goodrich Company has made many outstanding contributions to motoring safety. But the Goodrich development that means the most to you as you're driving along at 40-50-60 miles an hour is the Life-Saver Golden Ply, found

only in Goodrich Silvertown Tires. This amazing invention is a layer of special rubber and full-floating cords, scientifically treated to resist internal tire heat. By resisting this heat the Golden Ply keeps rubber and fabric from separating. It keeps heat blisters from forming. And when you prevent the blister, you prevent the high-speed blow-out.

Don't gamble! Life is too sweet to take chances on unsafe tires. Equip your car with a set of Goodrich Safety Silvertowns with Life-Saver Golden Ply blow-out protection. Remember they cost not a penny more than other standard tires.

FREE! A million more motorists pledged to safe driving is the Goodrich goal for 1936. Prove that you want accidents prevented. Join the Silvertown Safety League and receive—free—a handsome emblem with red crystal reflector to protect you if your tail light fails. Come in today.

## Here's Another Great Tire Value

Goodrich, of course, builds tires to meet every need and pocketbook. And this sturdy, low-priced Goodrich Commander Tire, certified by America's oldest tire manufacturer, is plenty of proof that you don't need to risk buying

nameless "bargain-buys" just to save money. If you want real honest mileage and wear at a low first cost, don't miss this real opportunity to get Commanders while prices are rock-bottom! Come in today.

COUNTY'S PART IN WRITING OF GUIDE IS DONE

Brilliant Spectacle Beckons Visitors to Texas Fair

ORANGE COUNTY JAIL APPROVED BY GOVERNMENT

The story of the capture of Moccasin John, the last of Old Saddleback grizzlies, was told and retold yesterday afternoon and evening as crowds gathered around Turner's Shoe store windows and gazed upon the head, claws and skin of Moccasin John, brought down from Trabuco canyon yesterday by Andrew Joplin.

That is the opening paragraph of Moccasin John's story, appearing on Page 8 of The Register, January 8, 1908.

Today, not only are the famous grizzly bear's chief captors residents here still, but the famous bear trap which Moccasin John's capture made possible, is on exhibit at Charles W. Bowers Memorial museum, Twentieth and Main.

Through William B. Rochester, who married as daughter of Andrew Joplin, and who owns the trap now, Mrs. F. E. Coulter, curator of the museum, was able to obtain it as a loan. The Rochester's and Andrew Joplin—still live in Trabuco canyon. Andrew Joplin is the son of the late J. C. Joplin, 30 years treasurer of Orange county.

"Every man who ever hunted a bear told the tale of it and many an oldtimer here recounted experiences in Trabuco canyon in which Moccasin John was the chief actor." That is the second paragraph of the 1908 version and clearly indicates why there is some difference of opinion as to principals in Moccasin John's "last stand."

Bear Is Named

Various, Ed Adkinson, (whose father, Jesse Adkinson, moved into Trabuco in 1882 and gave the marauding bear its name), Andrew Joplin, William Jones, Harvey Groover and Frank Rowell are credited with being "in" at the finish. Adkinson scored the shots which ended Moccasin John's honey-loving career, all generally agree, though Joplin also is reported to have used a gun to good effect. Jones also is acclaimed by some as a "straight-shooter" in connection with the 1100-pound grizzly's passing, as well as in other ways.

One version says old Moccasin John was first trapped in a mountain lion trap rigged up by Joplin; but another version says it was Joplin's regulation bear trap that caught him. Now Joplin, according to Mrs. Coulter, settles the question: "It was the bear trap," says he. But to avoid disappointment, the Rochester's, who also have the mountain lion trap, presented it, too, at the museum, for exhibition purposes.

Many Bears Here

The years before old Moccasin John made history, this county was well equipped with little bear, middle sized bear and big bear as well as big mountain lions, middle sized mountain lions and little mountain lions. One of the featured out-of-door sports, in the absence of golf, was lassoing bear from the vantage point of a saddle, atop a high-stepping, fast-stepping horse. In his book, "Shadows of Old Saddleback," Terry E. Stephenson tells some exciting history of the period. Stephenson's book claims Moccasin John's mate, Little Black Bear, and his partner, Old White Face, were left for later capture when Moccasin John was taken, but Andrew Joplin thinks differently.

At any rate, the marauder staged quite a show before he was taken. At the finish, he dragged the street car rail attached to the trap for miles before he was overtaken, and almost won a smashing, clawing victory over several dog adversaries. The trap was laid and baited in Bell canyon, according to the report, but old Moccasin John dragged it with him into Holy Jim canyon, near old Saddleback, before the dogs and men overtook him. A long, weary, wary "road" old Moccasin John followed for years before they got him.

Yes, they got him in Holy Jim canyon, named after the "cussin' cussin'" in Orange county, "Cussin' Jim" Smith, who lived in the district. "Cussin' Jim," it is said knew more blasphemous names to call people, animals and things in general than Casanova had "sweet nothings" to offer his ladies fair!

Traps Are Shown

But anyhow, you'll find the trap that finally was able to hold old

"For the first time, we have realized that our friends back home seem to have some weird ideas about this little trip of ours," writes Mrs. Dana Lamb (Virginia Bishop) from Puentarenas, Costa Rica, where those two intrepid young Santa Ana travelers, Mr. and Mrs. Lamb, have lingered as they follow their itinerary down the Mexican coast and into South American countries.

The Register has printed from time to time, lively accounts which Mrs. Lamb has written friends here of adventures experienced during the two and a half years since they set sail in a small canoe, with plans to "live off the country," as they journeyed down the Pacific coast line of two continents.

Dana Lamb is the son of County Assessor John C. Lamb and Mrs. Lamb of Red Hill avenue. His wife was the former Virginia Bishop, daughter of Dr. Vern M. Bishop, 709 Hickory street. When the two set forth upon their travels, they had half formulated plans to continue as far as New York, but these plans were abandoned some time ago and they are beginning now to think of an early return to Santa Ana.

Naturally the progress of the couple has been attended by a certain amount of publicity, and their experiences have been cited frequently, as publicity stunts, an opinion that is well calculated to arouse the displeasure of both.

Apocryphal newspaper correspondents that met them recently upon their arrival at San Juan del Sur in Nicaragua, Mrs. Lamb wrote, "They find it difficult to understand that we are just an ordinary young couple, out doing the things we have dreamed about. Everyone dreams secretly of adventure, romance, thrills, danger, a thatched hut beneath cocoanut palms, exploring mineral veins, living like Robinson Crusoe, and learning the secrets of nature. That is exactly what we've been doing.

Lone Adventures

"We've camped, fished, hunted and explored in every nook and corner of the coast from San Diego to Nicaragua—because we love adventure, the out-of-doors, and the healthful, carefree life it offers. A stunter is working and undergoing hardships with but one aim—public acclaim. We have made a leisurely trip, enjoying ourselves and taking our time, with adventure as our only goal.

"There is another side that few people see. To travel as we do, requires a fine physical condition.

Moccasin John, out at the museum—even if you have to look at both traps displayed there!

Some time ago, Joplin received a highly prized letter from general headquarters of Smithsonian Institute, Washington, D. C., to which had sent old Moccasin John's skin and head. Officials, identifying John as California's Silver Tailed Grizzly, said he makes a magnificent, like-like figure in his mounted form and "will forever remain" a prized portion of the history of Orange county.

Orange county's part in "The American Guide," chief undertaking of the Federal Writer's Project, is nearing completion after several months' research, it was announced today.

"The American Guide," an encyclopedic publication vastly more elaborate and detailed than any guide hitherto published by a firm or city, will occupy five volumes of 400 pages each. Every section of the United States is being covered comprehensively.

The Orange county division of the publication has investigated thoroughly into the topography of the region and is making complete coverage on flora, fauna, historical settings and backgrounds, Indian tribes and reservations, archeological remains, parks, army and navy posts, armories, monuments and landmarks, literature, art, music, drama, libraries and museums, educational facilities, societies and associations, architecture, ethnography, folk customs and folklore, industries, natural resources, products, imports and exports, transportation and various other classifications of interest in this section.

Work done locally is to be compiled into the national guide and also into state and city guides for the general information of the public. In the process of gathering information for "The American Guide" many odd and interesting facts regarding Santa Ana and the county have been unearthed and will be made public.

Study Own Land

Unsettled conditions in many foreign parts of the world and the expense of travel abroad have turned the attention of Americans to their own land. "The American Guide" will enable the sightseer to find fresh scenes to entertain him and to promote his knowledge of America as a whole.

Aside from furnishing comprehensive and up to date information for the tourist the guide will prove of major benefit as research material for use in schools, colleges, libraries and private homes.

The facts and figures of Orange county have been dealt with exhaustively and the completed publication should attract interest to this section.

"Historians, generations hence, will look to the 'American Guide' as a mine of information from which to reconstruct the past and it will always, while civilization lasts, serve to assert and establish details which form the background of Twentieth Century culture, the director stated.

"The 'See America First' movement will be stimulated through the publication of this set of volumes and the local portion of the completed work will undoubtedly tend to attract interest to the county," it was announced.

To be taken care of in connection with the guide work in Santa Ana and the county, the Survey of Historical Records, an inventory of all documents in public offices, libraries throughout the country, is being launched in the county.

Lack of adequate cataloguing since 1916 now handicaps scholars and historians. Copies of the local inventories will be deposited with the communities and states, while a master inventory will be placed at Washington, D. C. As the work proceeds, portions of the old documents which are particularly interesting or of historical importance will be made public, it was stated.

Dr. Arthur H. Compton, University of Chicago savant, suggests that cosmic days do not come from faroff space, but from the earth's own atmosphere, many miles above our heads.

The splendor of the spectacular Texas Centennial Exposition at Dallas is evident in this night view of the Esplanade of States, ablaze with myriad lights and crowned by a tiara of rotating searchlights that are visible for miles. The spray of fountains and the esplanade pool multiply the display's beauty.

The Orange county jail at Santa Ana is among 34 in California which the federal bureau of prisons has approved as secure, soundly administered, and suitable for incarceration of federal prisoners, it was learned today as the prison bureau revealed that about two-thirds of the country's jails are barred for any federal use, except in cases of emergency.

Other California jails on the approved list, which United States marshals are authorized to use for federal prisoners, are: Humboldt, Imperial, Inyo, Kern, Lake, Lassen, Butte, Colusa, Contra Costa, Glenn, Contra Costa, Long Beach City, Los Angeles City, Los Angeles, Madera, Monterey, Pasadena City, Riverside, San Bernardino, San Diego, San Francisco, San Mateo, San Pedro City, Santa Barbara, Siskiyou, Solano, Sonoma, Stanislaus, Tehama, Ventura and Sacramento.

Twelve county jails in California are approved for use by federal marshals only in case of emergency, or where prisoners are merely to be kept overnight.

Twenty-two California jails are definitely barred for use by federal prisoners, even overnight or in emergencies.

The county and city jail ratings are based on inspections made by agents of the federal prison bureau, who consider a number of attributes in each case, including security, cleanliness, administration, and quality of food provided.

Various, Ed Adkinson, (whose father, Jesse Adkinson, moved into Trabuco in 1882 and gave the marauding bear its name), Andrew Joplin, William Jones, Harvey Groover and Frank Rowell are credited with being "in" at the finish. Adkinson scored the shots which ended Moccasin John's honey-loving career, all generally agree, though Joplin also is reported to have used a gun to good effect. Jones also is acclaimed by some as a "straight-shooter" in connection with the 1100-pound grizzly's passing, as well as in other ways.

One version says old Moccasin John was first trapped in a mountain lion trap rigged up by Joplin; but another version says it was Joplin's regulation bear trap that caught him. Now Joplin, according to Mrs. Coulter, settles the question: "It was the bear trap," says he. But to avoid disappointment, the Rochester's, who also have the mountain lion trap, presented it, too, at the museum, for exhibition purposes.

Many Bears Here

The years before old Moccasin John made history, this county was well equipped with little bear, middle sized bear and big bear as well as big mountain lions, middle sized mountain lions and little mountain lions. One of the featured out-of-door sports, in the absence of golf, was lassoing bear from the vantage point of a saddle, atop a high-stepping, fast-stepping horse. In his book, "Shadows of Old Saddleback," Terry E. Stephenson tells some exciting history of the period. Stephenson's book claims Moccasin John's mate, Little Black Bear, and his partner, Old White Face, were left for later capture when Moccasin John was taken, but Andrew Joplin thinks differently.

At any rate, the marauder staged quite a show before he was taken. At the finish, he dragged the street car rail attached to the trap for miles before he was overtaken, and almost won a smashing, clawing victory over several dog adversaries. The trap was laid and baited in Bell canyon, according to the report, but old Moccasin John dragged it with him into Holy Jim canyon, near old Saddleback, before the dogs and men overtook him. A long, weary, wary "road" old Moccasin John followed for years before they got him.

Yes, they got him in Holy Jim canyon, named after the "cussin' cussin'" in Orange county, "Cussin' Jim" Smith, who lived in the district. "Cussin' Jim," it is said knew more blasphemous names to call people, animals and things in general than Casanova had "sweet nothings" to offer his ladies fair!

Traps Are Shown

But anyhow, you'll find the trap that finally was able to hold old

"For the first time, we have realized that our friends back home seem to have some weird ideas about this little trip of ours," writes Mrs. Dana Lamb (Virginia Bishop) from Puentarenas, Costa Rica, where those two intrepid young Santa Ana travelers, Mr. and Mrs. Lamb, have lingered as they follow their itinerary down the Mexican coast and into South American countries.

The Register has printed from time to time, lively accounts which Mrs. Lamb has written friends here of adventures experienced during the two and a half years since they set sail in a small canoe, with plans to "live off the country," as they journeyed down the Pacific coast line of two continents.

Dana Lamb is the son of County Assessor John C. Lamb and Mrs. Lamb of Red Hill avenue. His wife was the former Virginia Bishop, daughter of Dr. Vern M. Bishop, 709 Hickory street. When the two set forth upon their travels, they had half formulated plans to continue as far as New York, but these plans were abandoned some time ago and they are beginning now to think of an early return to Santa Ana.

Naturally the progress of the couple has been attended by a certain amount of publicity, and their experiences have been cited frequently, as publicity stunts, an opinion that is well calculated to arouse the displeasure of both.

Apocryphal newspaper correspondents that met them recently upon their arrival at San Juan del Sur in Nicaragua, Mrs. Lamb wrote, "They find it difficult to understand that we are just an ordinary young couple, out doing the things we have dreamed about. Everyone dreams secretly of adventure, romance, thrills, danger, a thatched hut beneath cocoanut palms, exploring mineral veins, living like Robinson Crusoe, and learning the secrets of nature. That is exactly what we've been doing.

Lone Adventures

"We've camped, fished, hunted and explored in every nook and corner of the coast from San Diego to Nicaragua—because we love adventure, the out-of-doors, and the healthful, carefree life it offers. A stunter is working and undergoing hardships with but one aim—public acclaim. We have made a leisurely trip, enjoying ourselves and taking our time, with adventure as our only goal.

"There is another side that few people see. To travel as we do, requires a fine physical condition.

Moccasin John, out at the museum—even if you have to look at both traps displayed there!

Some time ago, Joplin received a highly prized letter from general headquarters of Smithsonian Institute, Washington, D. C., to which had sent old Moccasin John's skin and head. Officials, identifying John as California's Silver Tailed Grizzly, said he makes a magnificent, like-like figure in his mounted form and "will forever remain" a prized portion of the history of Orange county.

Orange county's part in "The American Guide," chief undertaking of the Federal Writer's Project, is nearing completion after several months' research, it was announced today.

"The American Guide," an encyclopedic publication vastly more elaborate and detailed than any guide hitherto published by a firm or city, will occupy five volumes of 400 pages each. Every section of the United States is being covered comprehensively.

The Orange county division of the publication has investigated thoroughly into the topography of the region and is making complete coverage on flora, fauna, historical settings and backgrounds, Indian tribes and reservations, archeological remains, parks, army and navy posts, armories, monuments and landmarks, literature, art, music, drama, libraries and museums, educational facilities, societies and associations, architecture, ethnography, folk customs and folklore, industries, natural resources, products, imports and exports, transportation and various other classifications of interest in this section.

Work done locally is to be compiled into the national guide and also into state and city guides for the general information of the public. In the process of gathering information for "The American Guide" many odd and interesting facts regarding Santa Ana and the county have been unearthed and will be made public.

Study Own Land

Unsettled conditions in many foreign parts of the world and the expense of travel abroad have turned the attention of Americans to their own land. "The American Guide" will enable the sightseer to find fresh scenes to entertain him and to promote his knowledge of America as a whole.

Aside from furnishing comprehensive and up to date information for the tourist the guide will prove of major benefit as research material for use in schools, colleges, libraries and private homes.

The facts and figures of Orange county have been dealt with exhaustively and the completed publication should attract interest to this section.

"Historians, generations hence, will look to the 'American Guide' as a mine of information from which to reconstruct the past and it will always, while civilization lasts, serve to assert and establish details which form the background of Twentieth Century culture, the director stated.

"The 'See America First' movement will be stimulated through the publication of this set of volumes and the local portion of the completed work will undoubtedly tend to attract interest to the county," it was announced.

To be taken care of in connection with the guide work in Santa Ana and the county, the Survey of Historical Records, an inventory of all documents in public offices, libraries throughout the country, is being launched in the county.

Lack of adequate cataloguing since 1916 now handicaps scholars and historians. Copies of the local inventories will be deposited with the communities and states, while a master inventory will be placed at Washington, D. C. As the work proceeds, portions of the old documents which are particularly interesting or of historical importance will be made public, it was stated.

Dr. Arthur H. Compton, University of Chicago savant, suggests that cosmic days do not come from faroff space, but from the earth's own atmosphere, many miles above our heads.

SHIMMY

"Shimmy" is downright dangerous—it causes skidding, and collisions besides eliminating all pleasure in driving. We remedy "Shimmy" properly with special equipment. Try us

## Sub-Deb Crowd Enjoys Formal Dancing Party

With the close of school and opening of vacation season, the sub-deb set is coming to the fore with a succession of gay affairs ranging from impromptu swimming parties, to those partaking of the same formality that surrounds functions of the older social class. Definitely in the formal class was the dancing party at which Miss Marilyn Dick, daughter of Mrs. Jessie C. Dick, 1305 South Ross street, entertained Saturday night.

This hospitality was extended at Lido Isle clubhouse, where Mrs. Dick assisted her daughter in receiving, together with a little group asked to serve as chaperones. In this group were Miss Marilyn's grandmother, Mrs. L. T. Clem, with Mrs. Elmer Heidt, Mrs. Elsie Daley, Mrs. Mark Lacy and Mrs. C. D. Dows.

Flowers in every color and form lent an air of summer gaiety to the clubhouse, but they were no more decorative than the charming frocks of the young girls, like dancing rainbows over the ballroom floor, with the accent of white flannels and linens of their escorts. Miss Marilyn chose yellow orandy for her graceful formal, wearing with it a shoulder corsage of gardenias.

Dancing was to the music of an amplifying set, and was interrupted at the supper hour by the serving of cake and a special ice cream dessert.

In the party in addition to Miss Dick and the chaperon group were the Misses Norma Daly, June Galt, Jacqueline Bradford, Patsy Miller, Eleanor Cogan, Doris Clark, Betty Rye, Elizabeth Lacy, Iris Crawford, Clessa Burke, Jean Dows, Roberta Shafer, Mary Corey, Margaret Jaberg, Joan Winters and Olive Schweitzer, with their escorts, Roy Corey, Kenneth Alken, Brent Wahlberg, Alden Alkeman, Milton Smith, Barney Robinson, Dean Cowdy, David Brown, Tommy Sutton, Richard Watson, Jack Schilling, Bill Dows, John Thompson, Alton Fowler, Gordon Wilde, Don Anderson.

## De Glade Damer

So enjoyable was a De Glade Damer club picnic Friday evening at Anaheim park, that members decided to stage similar events at intervals throughout the summer.

Members, their husbands, families and other guests took part in the affair. In the group were Mrs. Ray Graham, Mr. and Mrs. Richard Niedergall, Mr. and Mrs. Thomas Huffman and children, Thomas and Mary Jane, Mr. and Mrs. Herbert Thwaite and children, Gaye and Barbara; Miss Janet Harwood, Miss Betty Perryman, Mrs. William Harding and son, Robert; Mrs. Harry McCool, Mrs. M. D. Miesner, Los Angeles; Mr. and Mrs. Otto Hawley and children, Ruth and Donald; Mr. and Mrs. Charles Kite, Mr. and Mrs. Richard Grimes, with H. L. Thomas of Waterloo, Ia.

The next regular club meeting will be held Wednesday in the home of Mrs. Graham, 1109 West Pine street.

## Charming Santa Anan Weds Sunday In Home Of Parents

Miss Ruth Frandson, lovely blond daughter of Dr. and Mrs. E. C. Frandson, 2003 North Ross street, became the bride of Dr. Bard Daughters of Salinas, son of Mr. and Mrs. M. R. Daughters, 2041 North Ross street Sunday evening in the Frandson home. The score or more guests at the ceremony were joined by 50 additional friends for the reception which followed the nuptial rites.

Lighted by many tall white tapers, rooms of the home were refreshing and attractive with their appointments in green and white. These include bouquets of white larkspur arranged at the fireplace which was banked with palms and other greenery.

Miss Anne Wetherall, who sang "I Love You Truly," was accompanied at the piano by Miss Ruth Greenwald, who played The Bridal Chorus from Lohengrin (Wagner) as a professional.

At Bridal Hour Dr. Frandson gave his daughter in marriage. She was girlishly lovely in her white satin gown worn with finger tip veil whose folds fell from a halo arrangement. Orchids, lilies of the valley and gardenias in crescent arrangement formed her shower bouquet. The "something old" of her costume was a point lace handkerchief which the bridegroom's mother had carried at her own wedding. Her only jewelry was a handsome watch, gift of the bridegroom.

Miss La Vonne Frandson, maid of honor for her sister, wore apple green silk net over tulle, with matching hat, and carried a sheath of Tallman roses. Stanley Burchell of Salinas was best man.

Mrs. Frandson wore pink crepe; Mrs. Daughters, blue lace, both with gardenia corsage bouquets.

Reception Miss Virginia Pritchard, Miss Carolyn Pritchard, Miss Gilbert, Miss Ruth Greenwald and Miss Anne Wetherall, gowned in pastel-hued formal frocks, assisted in serving refreshments during the ceremony.

White tapers in silver holders lighted the dining room table, which was spread with an embroidered banquet cloth. Three-tiered wedding cake cut by the bride was served with other dainties.

The new Mrs. Daughters donned a gray tailored suit with pink and navy blue accessories, and the orchids from her bridal bouquet for traveling. She and Dr. Daughters left for a honeymoon trip of approximately two weeks, with plans to establish their home in Salinas at 54 Gell street.

The bride, a graduate of Polytechnic High school, received the Alpha award as the most representative girl in the senior class, and was a member of the Alphas as well as the Entire Nons club. She holds membership in Girls' Ebell society.

Dr. Daughters attended University of Cincinnati, and was graduated from Northern Illinois college of optometry. He is affiliated with Sigma Alpha Epsilon and Omega Delta fraternities, and is a member of the Rotary club in Salinas.

Present for the wedding in addition to parents of the bride couple were Dr. and Mrs. J. H. Bower, Mrs. Lucella Blackburn, Mrs. Jennie Garner, the Misses Virginia Pritchard, Anne Wetherall, Geraldine Gilbert, Carolyn Davis, Ruth Greenwald, La Vonne Frandson, Santa Ana; Mr. and Mrs. Clarence E. Stringer, Los Angeles; Mr. and Mrs. Louis Hansen, Miss Margaret and Roland Hansen, Long Beach; Mr. and Mrs. Stanley Burchell, Bert Young, Mr. and Mrs. Harry Burchell, Salinas; Professor Freeman and daughters, of Missouri, Mont.; Professor and Mrs. W. L. Powers, Corvallis, Ore. The group was joined for a reception from 6 to 7 o'clock by Messrs. and Mesdames Warren Freeman, P. Budd, R. Matthews, Clayton Harris and family, Frank Henderson and daughter, Mary; Harold Segerstrom, C. L. Pritchard, A. J. Lasby, Howard Taylor, Ernest Stump, Edgar Hull, H. Greenwald, Harry Wetherall; Mrs. Cartwright, Mrs. Eleonora Bessie and daughter, Muriel; Muriel Hallman, Mrs. Becker, Mrs. Emily Munro, Miss Jean Munro, Miss Betty Hammond, Miss Ruth Budd, Dr. and Mrs. F. E. Earel, of this community; Mr. and Mrs. Charles Cave, Pasadena; Mr. and Mrs. Paul Schmidt, San Marino.

## Church Societies

**Co-Workers Class**  
Fifty-five members and guests of the Co-Workers class of South Santa Ana Church of Christ enjoyed a picnic dinner Thursday evening in Irvine park. Mrs. Joe Kelly and Mrs. C. F. Rathbone were in charge of arrangements. Baseball games and other sports were enjoyed during the evening.

**Presbyterian Picnic**  
Coming as the final event of the season on the First Presbyterian church calendar was a family picnic enjoyed last week by 100 members and their families who assembled at Anaheim park. The affair was preceded by an executive board meeting of the Aid society, with Mrs. A. J. Beckman, president, in charge. Regular activities of the group will be resumed in September, when a luncheon and get-together meeting will be staged.

**Birthday Honored**  
The quarterly enjoyed Wednesday by Missionary society members of Spurgeon Memorial church was really a birthday celebration honoring Mrs. A. A. Jones, 1401 Bush street, who received a delicious birthday cake adorned with candles. Mr. and Mrs. E. C. Martin, 1176 East Chestnut street, had arranged to have the tea held at their Newport Beach cottage, and more than a hundred guests, representing members and their families, took advantage of the invitation. There was swimming and fishing for those enjoying such sports, and there was the friendliness of the party plans for Mrs. Jones, to which each group contributed and all enjoyed.

## Eastern Star Groups Have Luncheon in This City

Eastern Star Conductresses and Associate Conductresses' associations of Orange county Eastern Star chapters joined in entertaining Matrons and Associate Matrons' associations last week at luncheon in Masonic temple. Roses and greenery formed a garden setting for the event.

Mrs. C. H. Lurker and Mrs. Iva Lee, presidents of the Conductresses and Associate Conductresses' groups, were in general charge of arrangements. Prizes in bridge were won by Mesdames Jeannette Tarpley, Inice Orton, Ina Liles, Irma Lochemeyer and Alice Smith.

Present were Mesdames Alice Smith, Alice Keel, Clara Bryan, Mrs. Henry, Garden Grove; Nettie Kirk, Esther Long, May Galloway, Lillian Rivers, Alice Whitaker, Fullerton; Geraldine Thompson, Rae Bunch, Iva Lee, Orange; Jean McAdams, Hazel Paquette, Gail Langenbeck, Martha Pickering, Huntington Beach; Irma Lochemeyer, Agnes Bridge, Lena Armfield, Artesia; Mary Pierpont, Alice Lewis, Norwalk; Mabel Lambert, Olive Mason, Ethel Pity, Laguna Beach.

Mesdames Ina Liles, Catherine Lodge, Hermine Lowe, Gail Kellogg, Yorba Linda; Rosemary Jackson, Esther Gale, May Jarvis, Nettie Negley, Brea; Jessie Seaward, Clara Wilson, Marjorie Luth, Anaheim; Edna Lutwiler, Lillian Hodges, Mabel Welch, Alice Herman, La Habra; Inez Holmes, Bernice Ayer, San Clemente; Flora Bruns, Betty Gowdy, Santa Ana; Pearl Layan, Elizabeth Lewis, Helen Lurker, Ethel De Wolfe and Miss Henrietta Bohling, Santa Ana; Mesdames Vida Snell, Pearl Schauseney, Mrs. Abplanalp and Mrs. Drott, Buena Park; Inice Orton, Huntington Beach and Ruth De Buxton, Norwalk, the two sponsors; Ruth Jane Davis, La Habra.

Mrs. Davis and Mrs. Tarpley are deputy grand matrons of the 56th and 57th districts.

The shower feature of the afternoon was cleverly arranged, for the honoree was given a tangled cord which she had to follow from room to room. Her progress was delayed by the requirement to cut the cord into yard lengths, thus affording her hostess time to arrange shower gifts of a pottery breakfast set, on a table which marked the end of the circuitous trail.

Individual trays used in serving refreshments, gave emphasis to their appointments, including plates and napkins, to the green note apparent in the molded salad served with other dainties.

Miss Dennie and Mrs. Johnson received as their guests in addition to Mrs. Palmer, the latter's mother and grandmother, Mrs. H. A. Colby and Mrs. U. S. Colby together with Mesdames O. C. Dennie, H. C. Johnson, James Warwick, John Jamison, Royal Gammell, Santa Ana; Henry Thiery, Huntington Beach; Keith Noble, Orange, and the Misses LaVene Parks, Lucia Emerson, Pauline Chapman, Dorothy Gammell, Betty Huntton, Marjorie Louise Dennie, Marjorie Ruth Johnson, Juanita Jones, Beryl Bates, Janet Bates, Wilma Hart, Helen Whitley, Alice Willes, Ellen Tillotson, Mildred McCullough, Santa Ana; Madeline Delcovey, Sadie Monroy, Lucille Cowan, Madeline Cowan, Alberta Hoover, Tustin.

Gifts on display at the home included a handsome chest of silver which the young couple received from the bridegroom's mother. The bride donned a brown suit for traveling, and the bridegroom leaving for a two weeks' trip north. They will take up residence in Southgate, where a home is all in readiness for them. Mr. Weaver will resume his duties as a welder with the Firestone company.

**Merry Buffet Supper**  
Quite a delightful observance of a birthday anniversary was that accorded Saturday night by Mr. and Mrs. Leland Finley, to the anniversary of Mrs. Joel Ogle, celebrated with a buffet supper in the Finley home, 1718 Greenleaf street, with dancing as a sequel.

Mrs. Finley arranged the table from which her menu was served, with flowers and candles surrounding a decorated birthday cake on which Mrs. Ogle's name was inscribed. Small tables were placed for the guests in foursome groups.

Present with the hosts, Mr. and Mrs. Finley, were Mr. and Mrs. Ogle, Mr. and Mrs. Edward Hall, Assemblyman and Mrs. James Utt, Mr. and Mrs. Robert Guild and Messrs. Ted Craig and Ted Stephenson. The group later formed a merry party for dancing at the Rendezvous, Balboa.

**Leaves for Camp**  
Miss Barbara Rowland left Saturday for a Girl Reserve camp near Descanso, San Diego county, where she will serve as riding counselor during the next month. She was accompanied to camp by her parents, Mayor and Mrs. P. C. Rowland, 810 South McClay street.

As winner in California's outdoor girl contest last year, Miss Rowland will return to Salinas, the scene of the 1935 rodeo in July to take part in this year's festivities. She will be given leave of absence from her duties in camp, to which she will return at the close of the Salinas event.

**Afternoon of Cards**  
Miss Marian Pietke was hostess at a bridge party Friday afternoon in the home of her parents, Mr. and Mrs. L. J. Pietke, 314 Halliday street. Miss Anna Mae Archer and Miss Mildred Pearson won prizes for scoring high and low. Refreshments were served by the hostess, assisted by Mrs. Archer.

Guests were the Misses Winifred Nelson, Hazel Hill, Mildred Flier, Eunice Flier, Charlotte McCausland, Mildred Pearson, Anna Mae Archer.

**On Fishing Trip**  
Friends of Mr. and Mrs. John W. Tubbs have received scant information as to the number of trout landed on a fishing trip into the High Sierras from which Mr. and Mrs. Tubbs have just returned to their Lemon Heights home. They were absent a week, making Pine Crest Lodge the center from which they motored daily to such famous fishing grounds as Lake Mary, Lake Charles, Twin Lakes, Silver, Grant and June Lakes. They found the water unusually high, and were informed by "old timers" that it was the season's final run-off of snow from the mountain crests. These same "old timers" were authority for the statement that fishing would be at its very height in about two more weeks.

**Patriotic Motif**  
Red, white and blue place cards and tallies designed with ships and sailors were colorful appointments used by Mrs. Sheldon Russell in entertaining dessert bridge club members Thursday afternoon in her home, 701 West Fifth street.

Mrs. James Workman scored high in bridge. Other members sharing Mrs. Russell's hospitality were Mrs. Gary Bennett of Long Beach and Mesdames Roscoe Conklin, Glenn Mathis, M. M. Bryte, Don Park, Chester Horton, John Lacy Taylor, J. H. Ebersole, James McCalla, members, and Mrs. Milan Miller, a guest.

## Woman's Club Sections Hold Two Pleasant Meetings

Garden section members of Woman's club of Santa Ana were entertained late last week in the home of Mrs. F. A. Martin, 414 South Parton street, where several business matters were given consideration.

One of these was election of new leader and secretary to succeed Mrs. Verna Short, who is moving to Oregon, and Mrs. E. B. Kruger. Mrs. James McCracken was named to succeed Mrs. Short as leader, and Mrs. Charles Hochst was elected secretary.

Plans were made for taking part in the county flower show, which Orange County Garden club is to present in September, and Mesdames E. M. Waycott, E. A. Elwell and G. N. Coon were named as a committee to confer with the general flower show committee in Orange on June 30.

The Garden section meeting was not the only pleasant club event of the week for Woman's club members, for it was preceded by a meeting of the Social section in the Balboa Island home of Mrs. J. D. Watkins.

Laden with picnic baskets in readiness for the covered dish luncheon at noon, members motored to the island for an enjoyable day. Luncheon was served in the patio where vivid beach umbrellas were used to shade the tables. The business meeting followed when installation was held for Mrs. R. C. Walters, afternoon party leader, and Mrs. Margaret Ahern, secretary; Mrs. Lowell Witty, evening party leader, and Mrs. L. G. Holman, secretary, with Mrs. R. J. Pagett, general treasurer.

Bridge, anagrams and monopoly were played informally during the afternoon, dividing interest with the cool waters of the bay lapping the grounds of the home and offering invitation to a swim.

This was the last of the series of parties planned by Mrs. Watkins during her year as social section leader. Mrs. Witty will maintain the same pleasant schedule and already has plans under way for picnic suppers and beach parties during the summer months.

## Day in La Verne

Mrs. John J. Vernon and her daughters, Betty Louise, Mary and Peggy, spent Friday in La Verne visiting with Mrs. Vernon's grandmother, Mrs. Elizabeth Barber Good.

Having celebrated her 52nd birthday anniversary recently, Mrs. Good was presented with gifts from the little family group. A picnic in La Verne park was enjoyed early in the afternoon.

Mrs. Good, a frequent visitor to Santa Ana where she has many acquaintances, is reported to be in good health. She is making her home in La Verne while her son-in-law and daughter, Mr. and Mrs. A. B. Sholly of Altadena, tour the East.

## Bridge Club Dinner

Mr. and Mrs. E. L. Russell, home, 1423 Louise street, was setting Friday night for a bridge club event which began with the serving of covered-dish dinner. White flowers were used in decorating.

Mrs. Russell and Mrs. Chester Horton held first and second high scores.

Guests were Dr. and Mrs. Milo K. Tedstrom, who substituted for Mr. and Mrs. Harold Moomaw, now in Los Angeles while Mr. Moomaw takes a summer course at U.C.L.A. Members present in addition to the hosts were Dr. and Mrs. M. M. Bryte; Messrs. and Mesdames Aubrey Glines, Roscoe Conklin and Chester Horton.

## Make This Model At Home

WHAT TO WEAR? A SHIRT- WAIST FROCK IDEAL FOR ALL OCCASIONS

PATTERN 4034 BY ANNE ADAMS

The center of attraction and the pet of Dame Fashion—the shirt-waist frock, of course! And Anne Adams presents you with a gay Summer version that has a fresh new appeal, and a jaunty, more casual air about it. Perhaps it's the utter simplicity of the trim bodice with its sporty buttons—or could it be that clever sleeve with its smart pleat, or the action pleat in back! Whatever it is, you'll want it in several different guises for your cool summer wardrobe. Choose a seersucker, striped, or shirting, or shantung for a dressier version. Linen or crash is good too.

Pattern 4034 is available in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 35-38 yards 36 inch fabric.

Illustrated step-by-step sewing instructions included with each pattern.

Send FIFTEEN CENTS (15c) in coins or stamps to Register Pattern Department for this Anne Adams pattern. Write plainly name, address and style number.

## BE SURE TO STATE SIZE

Send for ANNE ADAMS PATTERN BOOK! Choose from its many cool, smart models just what will flatter your type for work and play, vacations, parties. Special slenderizing designs for stout. Lovely frocks for brides and bridesmaids. Sturdy designs for children. The latest fabric news. BOOK FIFTEEN CENTS. PATTERN FIFTEEN CENTS. TWENTY-FIVE CENTS FOR BOTH WHEN ORDERED TOGETHER.

## Layette Shower Comes As Surprise to Honoree

Mrs. Darrell Wakefield was honoree at a surprise party Friday night when Mrs. L. H. Causley was hostess at a layette shower in her home, 1103 Hickory street. Pink and blue flowers were used in decorating.

Appropriate games were played during the evening, with prizes going to Mrs. Josie Rose and Mrs. Hazel Bebermyer. Mrs. Wakefield was showered with gifts.

Pink and blue nut cups of bottle design adorned trays which were used in serving Bavarian cream, cookies and coffee at the evening's close. The hostess was assisted in serving by her young daughters, the Misses Barbara Jean and Ruth Marie Causley.

Present were Mesdames J. F. Phillips, B. D. Gleason, Myrtle Underwood, Lula Wakefield, Hazel Bebermyer, Ray Underwood, Virginia Underwood, J. H. Farrell, Josie Rose, Annie Conrad, John Arnett, B. K. Martin, E. E. Nichols, M. Coyle and Miss Ethel Gerhart, a visitor here from Idaho; with the hostess, Mrs. Causley and her honoree.

## Announcements

First Methodist Home Missionary society will hold a luncheon Wednesday at 12:30 p. m. in the garden of the home of Mrs. E. J. Carham, 1207 North Main street. Each member is asked to bring a covered-dish and table service. Members of the Foreign Missionary society of the church are invited to join the group for the affair.

## Four o'clock Church Rites Unite Couple

First Christian church was setting for the marriage of a popular young couple Sunday afternoon, 4 o'clock when Miss Florence Ann Schmideke, daughter of Mr. and Mrs. Paul Schmideke, became the bride of Richard Lee Williams, son of Mrs. Guy Crowell.

Greenery massed at the altar provided a background for baskets of Shasta daisies and other white flowers. A bouquet of yellow dahlias graced the organ, at which Wesley Morgan presided. He was accompanied for G. W. Burns, who sang "Bless This House" and "Because." The Wedding Marches were played and there was soft organ music during the ceremony.

The Rev. W. S. Buchanan, pastor of the church, officiated at the ceremony, during which the bride was given in marriage by her father.

## Blue and White

The bride wore a navy blue crepe semi-formal gown with white organdy jacket, with a chaplet of bridal flowers in her hair. Her shower bouquet was of bride roses, sweet peas and gardenias. Her sister, Miss Esther Schmideke as maid of honor, and Miss Bernice Boone, bridesmaid, wore navy blue tulle frocks trimmed in white; the other bridesmaid, Miss Dorothy Lewis, wore navy blue triple sheer georgette trimmed in white. Colonial bouquets were carried by the three attendants.

Best man was Harold Williams, the bridegroom's brother. Ushers were James Boone, Ray Miller, Ray Helm and Al Helm, all wearing gardenia boutonnières with their dark suits.

Mrs. Schmideke wore a white crepe gown with blue accessories; Mrs. Guy Crowell, mother of the bridegroom, yellow silk crepe with matching accessories, both with corsage clusters of gardenias.

## Reception

One hundred guests were present for a reception in the home of Mrs. Guy Crowell, where many of the bride's gifts were on display. Garlands of pink and white flowers radiated from the table centerpiece, an elaborately-decorated wedding cake which was served with other dainties. Gleaming tapers in pompon holders, and floating lilies in crystal bowls were included in the table appointments.

Mr. and Mrs. Williams left for a honeymoon of unannounced destination, with plans to establish their home in Fullerton.

## Rainbow Club

Rainbow club members were entertained last week at luncheon in the home of Mrs. A. E. Kohler, 1601 Willets street, where decorations were in keeping with a pink color scheme.

Luncheon was served at a table decked with tapers and Cecil Brunner roses. Ices and other details of the menu were in harmony with the color motif.

The hostess' sister, Mrs. Sadie Beal of Canoga Park, who has been convalescing from a recent illness, was a guest of the day. Members present in addition to Mrs. Kohler were Mrs. Joe Thompson, Mrs. Roy Keckner, Mrs. Lem Walkinslaw, Santa Ana; Mrs. Lawrence Warner, Covina; Mrs. Mary Adamson and Mrs. Scott Torrens, Tustin; Mrs. Will Hatch, Arcadia.

## SOCIETY

Bon Voyage Expressed  
For Travelers to  
Alaska

Complimenting Mrs. Mary S. Rowley, 202 East Tenth street, and Mrs. Margaret Suddaby of Lemon Heights, who will leave July 3 for Alaska on a Christian Endeavor tour, Mrs. Cecil Suddaby entertained with a party Friday at her new home on Newport road. Guests were members of the Sewing club to which both honor guests belong.

"Do's and Don'ts of Travel" were prepared by means of pictures pasted by the guests in a book presented to the travelers, together with other appropriate shower gifts. The hostess served orange sherbet, wafers and coffee late in the afternoon.

Those sharing the pleasant occasion with Mrs. Suddaby and her honorees, Mrs. Rowley and Mrs. Margaret Suddaby, were Mrs. Charles Sauters, Santa Ana; Mrs. Paul Owens, Los Angeles; Mrs. V. V. Tubbs and daughter, Miss Louise Tubbs; Mrs. A. F. Hibbet, Mrs. Arthur Koepsel, Mrs. John W. Sauters, Tustin, and Mrs. Will Rohrs, Orange.

Mrs. Suddaby and Mrs. Rowley will go to Seattle by train and will sail from that port on the S. S. Prince Rupert, for the three weeks' trip.

**Dinner Party**  
Mrs. Mary S. Rowley was guest of honor at a dinner party given Saturday evening by Mr. and Mrs. Fred L. Wilson in their home on Panoram Heights. Miss Cora Thompson took Mrs. Rowley to the Wilson home where she was surprised to find a group of close relatives and friends assembled.

At 6:30 o'clock, a delicious dinner, whose menu included fried chicken and ice cream, was served buffet style. Small tables were centered with clusters of pastel tinted flowers. Place cards were boat shaped. Following the dinner, Mrs. Rowley was invited to fish in an improvised pond, which yielded her many lovely handkerchiefs.

Those present were Mr. and Mrs. Fred L. Wilson and son, Stanley, hosts; Mrs. Mary S. Rowley, honoree; Mrs. Rose Barton, Miss Cora Thompson, of Santa Ana; Mr. and Mrs. Herbert Soest, of Los Angeles; and Mr. and Mrs. Phillip Hatzfeld of Tustin.

## In Reyer Home

Mr. and Mrs. J. Fred Reyer's hospitable home, 2324 North Broadway, was setting for a week end house party which reached its climax Sunday afternoon when a delectable duck dinner was served. The party began Friday evening with the arrival of Dr. and Mrs. Garrett Ruth and daughters, Katherine and Alice; Mrs. Reyer's son and daughter-in-law, Dr. and Mrs. J. W. Brady, and Dr. Syd Bolles of Hollywood. Mr. Reyer joined the men of the group in a fishing trip to Mexican waters Friday night and Saturday.

The entire group was together Sunday for the dinner party. Decorations in green and white in-

cluded a bowl of snapdragons centering the table. Mr. and Mrs. Reyer's son-in-law and daughter, Mr. and Mrs. Ervin Stone and children Joan and Freddie of this city completed the party.

## Late News From Orange And Nearby Towns

MISS SWENSON  
IS HONORED AT  
SHOWER AFFAIR

ORANGE, June 29.—Miss Eileen Swenson, daughter of Mr. and Mrs. R. M. Swenson, of East Chapman avenue, Garden Grove, who in the near future will become the bride of Lowell Linder, son of Mr. and Mrs. Emil Linder, of Long Beach, was complimented Saturday afternoon with a miscellaneous shower given by Mrs. Vernon Helmick, of 1022 West Fourth street, Santa Ana, and Miss Loren Ivens, of Orange. A number of Orange friends attended the affair.

The afternoon was spent in hemming dish towels for the bride-to-be and in playing "brides." Prizes were awarded to Miss Eleanor Shadowen and Miss Eileen Swenson.

The bride-to-be punctured several small balloons the location of which were noted by the location of hidden gifts. Refreshments of ice cream and pink punch were served on card tables. The bride's table was decorated with silver wedding bell nut cups and centered with a miniature bride in a white gown. The other tables held yellow nut-cups and favors were tiny brides. White flowers and a large white wedding bell decorated the living room.

Guests were Miss Eleanor Shadowen, Miss Margaret Ragdale, Miss Florence Schultz, Miss Katherine Talbert, Miss Carol Mae Larner, Miss Virginia Buhrman, Miss Monte Bauer, Mrs. F. D. Batchelor and Mrs. L. L. Williams, of Orange; Mrs. Roy Cox and Mrs. R. M. Swenson, mother of the honoree of Garden Grove, and Mrs. Arthur Cooper and daughter, Geraldine of Anaheim.

Visitors From England  
Preside at Dinner  
In Long Beach

Mr. and Mrs. Mortimer Hocombe of Walton-on-Thames, Surrey, England, entertained a group of Southern friends Sunday afternoon at a gayly-appointed dinner party at Lakewood Country club, Long Beach.

The guest group included Santa Anans who have planned a number of pleasant hostilities for the visitors during their Southern California stay. Mr. and Mrs. Hocombe and the latter's sister, Miss Kathleen Luxton of London, England, were the guests of honor.

Dinner was served amid appointments in red, white and blue, in celebration of the approach of July 4. Nut cups, tiny flags and a mirrored centerpiece were in the patriotic motif. Bridge was played informally for the remainder of the evening.

Sharing the affair with Mr. and Mrs. Hocombe and Miss Luxton were Mr. and Mrs. L. Allen Wallace and son, John of Torrance, formerly of Santa Ana; Mr. and Mrs. D. P. Howell, Mr. and Mrs. Fred Newcomb Jr., Mr. and Mrs. J. K. Evans, Mr. and Mrs. Alan Revell and Mr. and Mrs. Loyal K. King, all of this community.

Mr. and Mrs. Hocombe and Miss Luxton are houseguests of Mr. and Mrs. Wallace, brother-in-law and sister of Mrs. Hocombe and of Miss Luxton. They were entertained at dinner Friday night when Mr. and Mrs. J. K. Evans were hosts in their home, 728 Hickory street. Completing the party were Mr. and Mrs. Wallace and Mr. and Mrs. Loyal King.

Rehearsal Dinner Ends  
Pre-nuptial Party  
Series

Definitely on a bridal theme were all appointments for the formal dinner party at which Mr. and Mrs. Milo R. Daughters, 2438 Hellyrope Drive, entertained Saturday night in compliment to their bride and groom, Dr. Bard Daughters of Salinas, and his fiancée, Miss Ruth Franson, principals last night in one of the summer's prettiest weddings.

This dinner event was the finale of a succession of luncheons, teas and dinners at which friends have expressed their interest in the nuptials, and had as its sequel, the rehearsal for the following night's wedding rites.

Mrs. Daughters maintained a bridal white motif in table appointments, and covers were laid for the hosts, their son and his fiancée, together with Dr. and Mrs. E. C. Franson, Miss LaVonne Franson, (her sister's honor maid); Stanley Burchell of Salinas, (Dr. Daughters' best man); Dr. and Mrs. George A. Warner, the Misses

Picnic Held By  
Methodist Class

ORANGE, June 29.—More than 75 members and friends of the R. P. C. class of the First Methodist church gathered recently for a picnic in Anaheim park. Tables in the southwest corner of the playground were decorated with blue streamers and yellow flowers. Swimming, tennis and other games were played.

Members of the picnic committee included Mr. and Mrs. W. R. Ahersold, Mr. and Mrs. Walter Adams, Mr. and Mrs. William Hawthorne, Mrs. Daisy Barnes, Mr. and Mrs. Wilbur Nave and Mrs. E. H. Crofoot.

VILLA PARK GIRL,  
B. TRUEBLOOD WED

VILLA PARK, June 29.—Miss Evelyn Edwards was married the latter part of the week to Benjamin J. Trueblood at a ceremony which took place in Riverside. The bride is the daughter of Mr. and Mrs. L. E. Edwards and the bridegroom is the son of Mrs. Ada Trueblood, North Glassell street, of Orange. Only members of the family were present.

The bride wore a blue shark-skin suit with pink hat and accessories. Attendants were the brother-in-law and sister of the bride, Mr. and Mrs. G. W. Daniel. A luncheon was served at the home of the bride's parents on Riverside.

The young people are spending a honeymoon at Sequoia National park and for traveling the new Mrs. Trueblood wore a blue and white printed silk with white accessories. They are to reside in Orange.

The bride attended Santa Ana Junior college following her graduation from the Orange Union High school and the bridegroom was a resident of Sterling, La., until he came to Orange four years ago.

## ORANGE PERSONALS

ORANGE, June 29.—Miss Imogene Caster, daughter of Mr. and Mrs. Charles Caster, has assumed a position of secretary in the office of Judge A. W. Swazy.

The Rev. A. C. Bode and the Rev. Kenneth L. Ahl, pastor and assistant pastor of the St. John's Lutheran church, are to attend the Southern California district conference of Lutheran churches this week, John H. Eggers was chosen by church members as the lay delegate.

Mr. and Mrs. Arthur Briether, and daughter, Mrs. Edwin Grandt, who have been guests in the C. A. Piene home for some weeks, have left for their home in Chicago. Mrs. Briether and Mrs. Piene are sisters.

Mr. and Mrs. Harley Davis and daughter, Betty Joe, and son-in-law Joseph James, of Hicknell, Ind., left Saturday for their home after a visit in the homes of Mr. and Mrs. Oscar Wohlford, Mr. and Mrs. Kelly Robertson and Mrs. Neil Smith. The latter part of the week the visitors and their niece, Miss Marian Jones, with Mrs. Smith spent a day at Catalina Island.

Ernest Viaw of San Diego, nephew of Mr. and Mrs. J. U. Viaw, 325 South Orange street, is a guest in the Viaw home, where he is visiting his cousin, George Viaw.

Miss Jeanet Draper and Miss Cora Wetman, of Orange, will spend a week's vacation in Long Beach. Mr. and Mrs. Fishback were visitors in Los Angeles Saturday.

Henry Ilev, of North Olive and Charles A. Robinson, of East Chapman, were visitors in Orange over the week end. They returned today to Camp Idyllwild where they expect to stay all summer.

Mrs. Jesse Campbell of 727 West Chapman avenue, visited her son, Merle Campbell, and other friends in Los Angeles Sunday.

Mr. and Mrs. Peter Pendleton, of Whittier, visited Mr. and Mrs. C. R. Stuckey, of 374 South Shaffer street, recently before leaving on a trip to Kansas and Oklahoma, where they will spend two weeks with relatives. Mrs. Pendleton before her recent marriage was Miss Phyllis Stuckey.

Mrs. Frank Hoag, Miss Carolyn Hoag and Donald Hoag of South Cypress, are visiting friends and relatives in Columbus, Kans.

Ruth Greenwald and Anne Wethrell, who were to provide music for the nuptials, and Dr. Franson's brother-in-law and sister, Mr. and Mrs. Louis Hansen of Long Beach, with their daughter and son, Margaret and Roland Hansen.

Following the dinner hour, the party scene was transferred to the Franson home, 2003 North Ross street, for rehearsal of the rites conducted last night.

ALICE POWELL VERNON SCHULZ  
BECOMES BRIDE AND ANAHEIM  
OF O. C. ULRICH GIRL MARRIED

ORANGE, June 29.—Miss Cora Alice Powell, daughter of Mr. and Mrs. John W. Powell, 172 South Pepper street, was married yesterday afternoon at a quiet home ceremony to Oswald C. Ulrich, son of Mr. and Mrs. Otto Ulrich, East Collins avenue. The pastor of the First Presbyterian church, Dr. Robert Burns McAulay, read the single ring ceremony in the presence of the immediate members of the family and a few close friends.

The bride, an attractive brunet, wore a smart sports suit of white silk and wool with a white veiled hat and white accessories. Her corsage was of white gardenias and pink rosebuds and as the traditional "something old" she carried a real lace handkerchief sent to her mother from France by the latter's brother during the World War.

The ceremony took place before the fireplace in the living room, which was entirely hidden by trailing ferns. Tall baskets of flowers in pastel tints were placed on the floor at each side of the mantel and flowers, emphasizing the home colors were used about the home.

A reception followed the ceremony when 80 friends and relatives were present. While guests were assembled Miss Elizabeth Lowry sang "I Love You Truly" and "Love Poem," with Miss Miriam Powell.

The bride is a graduate of the Orange Union High school and the Santa Ana Junior college, finishing the latter course in June. She is a member of Alpha Rho Tau. Mr. Ulrich received his education in the Fullerton and Anaheim schools and he is employed as a nautical engineer at Balboa, where the young people are spending a honeymoon. They are to make their home in Santa Ana.

EPWORTH LEAGUE  
ARRANGES SOCIAL

ORANGE, June 29.—The College Epworth league of the First Methodist church of Orange met recently at the home of Miss Virginia Buhrman, 827 East Palm avenue, to discuss plans for a pie social which is to be held July 10 at 8 p. m. in the Epworth hall of the church. Arthur Holson is directing a skit in which many of the members will appear.

Reservations for tables are to be made not later than July 8 with Miss Carol Mae Larson. The profits of this social are to be used to pay the league's pledge to the church.

Following the meeting, ice cream and cake were served by the hostess. The members of the committee present were Everett Claypool, Miss Carol Mae Larson, Mr. and Mrs. Vernon Helmick, Miss Hazel Burks and Miss Florence Schultz.

**OPEN FIREWORKS STAND**  
ORANGE, June 29.—Members of Otto Rozell post, Veterans of Foreign Wars, this noon opened a fireworks stand at 208 East Chapman avenue. Shirley Lewis, senior vice commander of the post, is in charge. Gifts of fireworks were made to the first 50 children entering the store. A grand prize will be awarded the winner of a contest on the evening of July 4. Wesley Davis, post commander, and H. H. Hill are assisting in the work.

First Methodist  
Church To Honor  
Minister July 1

ORANGE, June 29.—Plans are under way for a reception for the Rev. Arthur T. Hobson, pastor of the First Methodist church, on his return from conference at Long Beach. The reception is to be held at the Epworth hall Wednesday at 8 o'clock. The event is being sponsored by the Women's Aid of the church, with Mrs. J. Russell Kenyon, president, in charge.

FIVE DRAW FINES  
IN ORANGE COURT

ORANGE, June 29.—Peter Starrup, a transient, was sentenced by City Judge L. F. Coburn Saturday to five days in jail when he was unable to pay a fine of \$10 assessed on an intoxication charge. Starrup told the judge that he had been drunk for two years and that this condition did not interfere with work as a tree surgeon.

The man was arrested Friday by Officer G. W. Coltrane when he was found giving an impromptu concert of solo numbers in the center of North Cypress street.

Others appearing in court at the same time were Marciana Arriaga, 32, and Margarita Salanda, 47, both of Colton. The men obtained a room in the Lewis court on North Cypress street, where later Esau Pohlman reported that they had chased him around the court threatening to kill him. They were fined \$10 each or five days in jail on intoxication charges. They took the jail sentence. The men were arrested by Officers Carl Krueger and Jack Sanford.

William Francis Barrett, plumber, and William E. Black, pipefitter, residents of the Orange County camp, and Walter Meyer, 41, a transient, were given five-day jail sentences by Judge Coburn on intoxication charges.

Kuchens and Miss Marilyn Knight, of Los Angeles; Mr. and Mrs. Lawrence Truempler, of San Bernardino; Mr. and Mrs. George Schrodler and children, Aline and Catherine; Mr. and Mrs. Henry Schaeffer, Miss Evelyn Elser and the Rev. and Mrs. Schmeller, of Anaheim.

MISS BRUBAKER  
BECOMES BRIDE  
OF R. W. HEISER

VILLA PARK, June 29.—A recent lovely wedding was that of Miss Ruth Isabel Brubaker, who was married at the home of her parents, Mr. and Mrs. A. M. Brubaker, of Santiago boulevard, to Reynold W. Heiser, son of M. and Mrs. Edward J. Heiser, of Santa Ana, with the Rev. G. G. Schmid of the Santa Ana Evangelical church reading the service.

The home, the birthplace of the bride, was attractive with its decorations of bouquets of garden flowers in which tall spikes of delicate white larkspur predominated. The double ring ceremony was used.

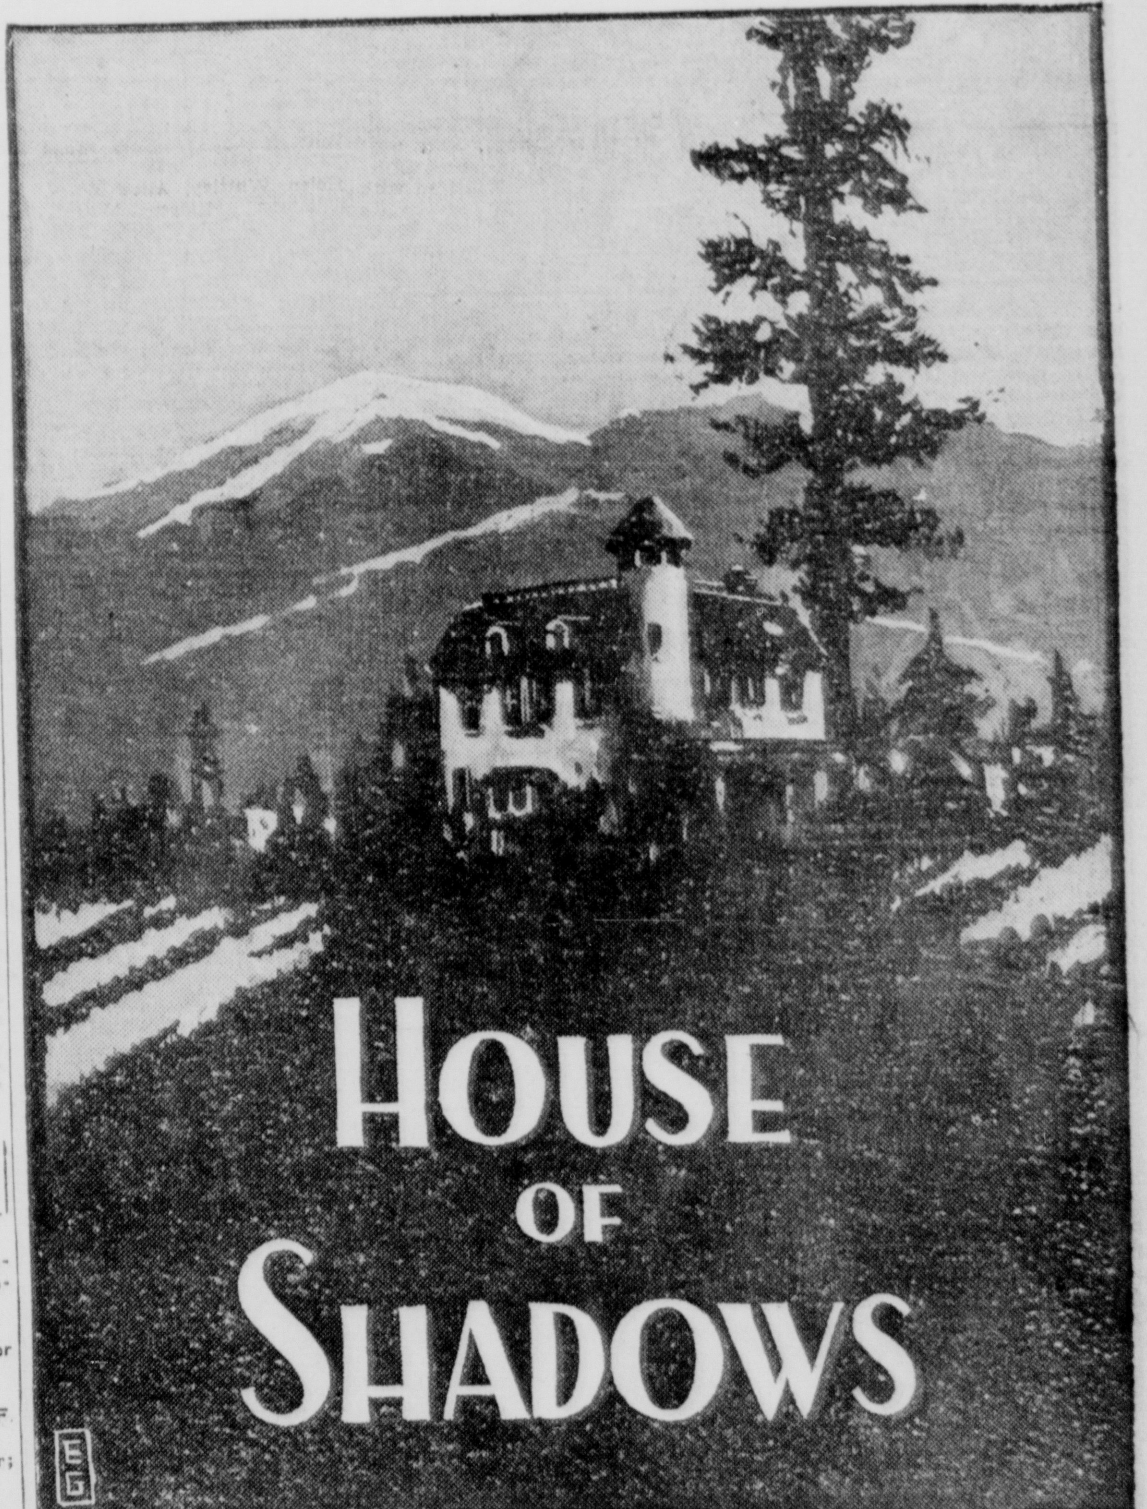

Carrying an arm bouquet of white roses, the bride took her place before an altar fashioned of fern and flowers in the library of the home. She wore a frock of white orquidetta over satin made with short puffed sleeves and a high neckline, and a wreath of white rosebuds.

Miss Marjane Brubaker, a sister of the bride in a quaint blue taffeta frock and carrying an arm bouquet of roses was bridesmaid. Edward Heiser, Jr., brother of the bridegroom, was best man. Mrs. Claire Seely, of San Diego, gave a program of piano solos and played the processional and recessional. "At Dawning" and "Because," were sung by Mr. and Mrs. Holtzgrafe, of Santa Ana.

The young people are to live in Santa Ana. The bride, a teacher at Fillmore, was a member of the 1935 Orange Union High school graduating class and later graduated from Santa Barbara Teachers college. Mr. Heiser is a graduate of Orange Union High school.

## EXTINGUISH CAR FIRE

ORANGE, June 29.—The Orange Fire department was called Saturday at 9:15 p. m. to the corner of Palm avenue and Harwood street to extinguish a fire in a roadster belonging to A. H. Anderson. The amount of damage was small.

HOUSE  
OF  
SHADOWS

In this musty old mansion high in the mountains, a beautiful girl risked her life trying to find a jewel she wasn't sure was there. Deep in the gloom of a giant tree's long shadows, she met a series of pulse-quickenning adventures

THE TWYMITES

"Hey, hold the ladder," Doty cried. "Be careful, though, King Sun might slide. If he is steady, it will be much easier to climb."

"Right now he's half way to the top. I wonder what has made him stop. The way he's panting, I guess he has had a real hard time."

"You're right," fair Princess Sunbeam said. "You see, he has a monstrous head, and climbing makes him all tired out. He has to stop and rest."

"The ladder's stuck into the ground. It's absolutely safe and sound. 'Twas built to stay right where it is, as you all might have guessed."

Then Sun yelled down, "Have patience, tots. Real shortly you'll see lots and lots of brilliant rays. Why, they will make you clog your eyes."

"Soon you'll get used to them and then you'll open your eyes again. I'm going to drive the nearby dark clouds right out of the skies."

Five minutes more passed, in his step. Then he continued to the top. "Now, watch," he loudly shouted, "and you'll see how nice I shine."

It almost gave the bunch a scare as bright rays shot out through the air. Wee Scouty blinked a bit and then exclaimed, "You're doing fine!"

"Please sing your song of cheerfulness," fair Princess Sunbeam cried. "I guess the Twymites will like it," Scouty added. "Oh, please do!"

"Okay," replied the kind old king. "You may think it a foolish thing, but, anyway, I'll gladly sing one little verse for you."

His voice rang out. "I am King

Sun and, dally, I have lots of fun atop my little ladder, sending brightness through the air.

"I spread the warmth that makes things grow. I please the people down below. I am the best known king of all, cause I reach everywhere."

# 14 INJURED IN 12 ACCIDENTS OVER WEEKEND

With one man reported near death at Orange county hospital and another in serious condition at Fullerton General hospital, they were included among 14 Orange county victims of 12 weekend traffic accidents reported on police and hospital records today. Five of the victims were pedestrians.

Jack Hunt, 35, 815 West Bishop, is suffering from probable basal skull fracture, two fractured ribs and fractured ankle and is still unconscious at Orange county hospital, following an accident at 101 highway and Placencia avenue yesterday in which Edwin R. Schroeder, 22, 1220 South Shelton, Santa Ana, was charged with being one of the drivers involved. He was jailed by California Highway Officers Ben Craig and Horace Inge on a charge of drunk driving.

The second car, assertedly involved in the accident, was driven by Robert Cozzens, 23, also of Santa Ana. Thelma Goss, 22, also of 815 West Bishop, was injured in the same accident and given first aid at county hospital.

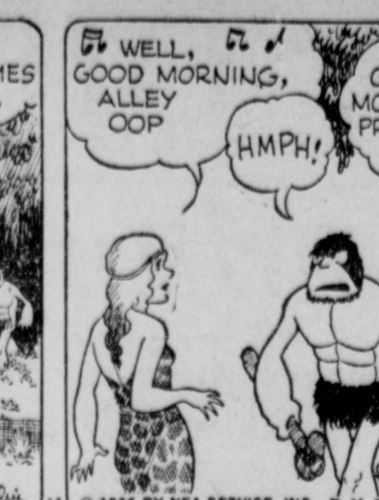

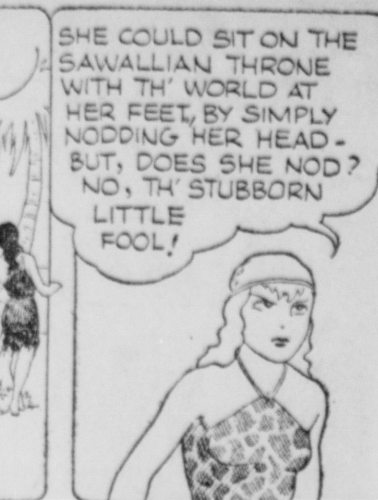

**Car Overturns**  
When his car overturned as he avoided a head-on collision at Central avenue and 101 highway, near La Habra, about 7:30 a.m. today, W. P. Blackman, 24, Orange, was seriously injured and rushed to Fullerton General hospital, reports said. His car collided with one operated by C. H. Shoemaker, about 25, 235 North Lois street,

La Habra, as Shoemaker drove from a service station. Four persons were injured about 1:40 a.m. yesterday when their car went out of control and rolled down a hillside from the Silverado canyon road a mile and a half this side of Johnny's store, Lucille Halley, 20, Olive, was knocked unconscious and rushed to county hospital where attendants said she is suffering from possible skull fracture and fractured vertebrae. Robert Allen, 21, Modena, suffered a fractured rib and Mrs. Allen, badly lacerated face and head, both being given first aid at county hospital, Willis Walker, 218 North Lawrence street, Fullerton, suffered fractured wrist and lacerated head and shoulders.

**Walks Into Car**  
John Bogart, 55, 222 South Sycamore, Santa Ana, was knocked down in front of 519 East First, as he sought to cross the street last night about 9 o'clock. Officials alleged he was intoxicated, after he was taken to county hospital for treatment of head lacerations. Armita de Heras, 23, Los Angeles, driver of the car said Bogart walked into the side of the vehicle. Three-year-old K. Honda, Route 1, Box 165, Costa Mesa, was another pedestrian victim. Frank Leslie, 20, Gardena, who said his car struck the child, said the tot and several others jumped from behind a tree into the street, on Santa Ana avenue, near Seventeenth, Costa Mesa, yesterday afternoon.

Running from a curb on Euclid avenue at Garden Grove road, Garden Grove, Saturday night, Frank Boolean, 7, of Garden Grove, was injured as a car operated by David D. Gardner Jr., 23, Route 1, Box 215, Huntington Beach, struck him. Gardner said he stopped in a car's length. Sherman Gorschofer, 11, Huntington Park, was slightly injured Sunday afternoon while crossing Cook boulevard near Broadway, Laguna Beach. A car operated by E. F. Allen, Glendale struck him, causing cuts and bruises. As he

# I Have Found the CHANCE OF A LIFETIME FOR MAKING BIG MONEY! Will You Join Me?

MOST people work and save for years and never get anywhere. Only a few are lucky enough to find an opportunity to make a fortune and are willing to take the chance necessary to win it.

I believe I have found such an opportunity—a big MONEY MAKING proposition that can easily make you rich within the NEXT TWELVE MONTHS. I have investigated it thoroughly and have put my own money into it. My close friends have done the same. There is still room for a number of people to join us. The number depends on how much the first-comers put up.

If I could afford to take space here to give all the facts, I know there would be 50,000 PEOPLE in Southern California who would jump at the chance to come in. But since I cannot do that, I can only call this most unusual opportunity to your attention and ask you to take a few minutes of your time to send in the coupon below for the full information.

There is nothing mysterious about this proposition. It is not some new fangled get-rich-quick scheme. It is a perfectly legitimate business speculation that will stand the closest investigation. Thousands of people have become rich in the past ten years by EXACTLY THE SAME METHOD and more are being made rich all the time.

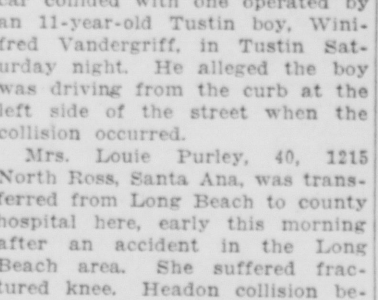

It is speculation, of course; speculation is the only way that anyone can make a lot of money quickly. And by a "lot of money" I mean that for every \$500 you put up you may easily win \$25,000 OR MORE—within the next year.

If you have a few hundred dollars that you can afford to risk on a LEGITIMATE OPPORTUNITY for winning such profits, you cannot afford to pass this by. It will cost you only a two-cent stamp to get the facts. No one will high pressure you to buy. All I ask is an opportunity to lay the data before you.

Write me in care of The Santa Ana Register. Simply fill in and mail the coupon below. You will not obligate yourself in any way. But remember, the number who can join me is limited. It's strictly a case of FIRST COME, FIRST SERVED. So send in the coupon today.

## STORIES IN STAMPS

By I. S. Klein

Prince Francois Eugene of Savoy was being groomed for the Church, some three centuries ago, when one day he went to King Louis XIV. of France, and asked to join the army. The king refused because, it is said, Eugene's other was in disgrace at court. So the prince went to Austria, where Leopold I gave him his opportunity.

In Austria, Prince Eugene acquired himself heroically, so much so that, in 1691, Louis XIV. heard of his deeds and offered him a marshal's baton. Evidently, and promptly, Prince Eugene refused the honor. He allied himself with the great Duke of Marlborough, and helped win the famous battles of Blenheim, Oudenarde, and Malplaquet. But, victorious in war, Eugene was a failure with women. He remained a bachelor, and when he interceded for Marlborough, who had been dismissed in disgrace, Queen Anne refused to hear him.

He died in 1736 at the age of 73. His portrait appears on one of Austria's recent issue of stamps honoring her heroes.

**MIDWAY CITY**  
MIDWAY CITY, June 29.—Five members of the Midway City Woman's club motor to Del Mar Friday to attend a club meeting. They were Mrs. Marcus Jungmann, Mrs. J. H. Pryor, Mrs. Harry Kingsbury, Mrs. Della Braybrook and Mrs. Robert Hazard.

J. E. Miller and sister-in-law, Mrs. William Walters and Grover Jones attended a program held in the Rose Bowl in Pasadena when they spent the day with Mrs. Miller in that city.

Mr. and Mrs. C. P. Taylor have as their houseguests, Mr. Taylor's brother-in-law and sister, Mr. and Mrs. George Peck, of Kansas City, and friends, Mr. and Mrs. Ford, of Hollywood.

Mr. and Mrs. Cal Rutherford attended at Compton the marriage of Mrs. Rutherford's nephew, Frank Morris, of Lynwood, and Miss Dixie Lee Koken, daughter of Mr. and Mrs. P. P. Rutherford, of Compton.

Miss Elizabeth Watson, of Los Angeles, spent the week end with friends here.

Clarissa Norland was a guest for several days last week of Mr. and Mrs. Calvert Norland of Santa Ana.

## FINANCIAL AND MARKET NEWS

### NEW YORK STOCKS

NEW YORK, June 29. — (UP) — Stocks moved irregularly today in light turnover, featured by strength in Chrysler which made a new high since 1929, and the steel shares which lost 1 to 2 points.

Chrysler was the most active stock. It touched 12 1/2, up 3/4 points and hereafter the rise of other stocks followed for a time but sagged with the main list when the steels turned weak. Motor equipments were featured by Motor Products which made a new high at 39 1/2, up 1 1/2 points.

Resumption of selling in the steels came after the group had met earlier support following an irregular opening. Steel traders unloaded on indications the steel industry was due for a hard fight for unionization.

Steel operations were scheduled for this week at 74 per cent of capacity, up 3.8 points from last week, and a new high since May 20, 1936.

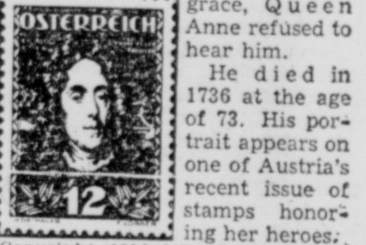

Merchants shares made a good showing and held gains when the other groups were declining. New York Central, Erie, and Lehigh Valley, McClellan, and May Department stores. McClellan stores was in demand at rising prices.

Clarissa Norland was a guest for several days last week of Mr. and Mrs. Calvert Norland of Santa Ana.

## CHICAGO BOARD OF TRADE

CHICAGO, June 29.—(UP)—Wheat prices advanced in the closing minutes today on the Chicago Board of Trade in response to bullish crop news from the stricken northwest spring wheat territory.

At the close wheat was up 1 to 1 1/2 cents, corn was up 3/4 to 2 cents, oats were up 1/4 to 1/2 cent.

Wheat futures showed a firm tone in the latter part of the session after an early dip generated by reports of rain in part of the northwest spring wheat territory.

Traders were guided primarily by reports from government agents in the upper Mississippi basin which stated the present drought was more advanced for the same time of the year than the drought of 1924. Soon after the opening the wheat market quieted down and prices moved irregularly. As an offset to hedging sales, there was some buying of wheat credited to mills. Cotton receipts in south-west terminal markets were large but had little effect on the market.

A fairly general buying wave swept Southern and December corn futures to new high levels in early trading.

Wheat moved within a narrow range in quiet trading.

## Today's Guest Editorial

By  
Mrs. Golden Weston, Director of Adult Education

The "Guest Editor" selects his own subject matter and it may or may not agree with the opinions of the publisher. The Register will invite and publish daily a "guest editorial" by some prominent, practical Orange county citizen.

## IMPORTANCE OF EDUCATION

The importance of education to the welfare of society is so evident today that one is amazed, when studying the history of education, to find that every new step in the progress of our public schools has been bitterly opposed. Since, as a nation, it has been recognized that the value and indeed the very continuance of democracy is dependent upon an educated and informed citizenry, it is not surprising that free public education has been and is a most forceful and growing influence in the United States.

All activities directed by human beings are subject to the faults and frailties of humanity. Education is no exception but the hope of the future lies largely in the fact that leaders in the field of education are quite aware of that condition and are constantly striving to improve the system both as to content of the curricula and the methods of teaching. Here again opposition is met at every turn. The power of "the traditional" is strong. All too often the criticism of some progressive method of teaching is based upon a comparison of factual information stored in the mind rather than upon a comparison of what the two methods of teaching did to the physical, mental and social health of the child; and indeed, to society as a whole. Teaching children is more important than teaching compound fractions. Teaching how to think is more important than teaching what to think. Teaching how to find all kinds of information is more important than teaching a few facts to be memorized verbatim.

Most promising for the future is the fact that our schools are recognizing this greater importance and are turning the emphasis: 1—upon the basic need of physical health, 2—upon the value of a well adjusted personality, 3—upon the art of living, 4—upon the unique and significant place which each individual holds in the world. The progress we have experienced in the fields of science, invention and industry bear eloquent testimony to the success of the public schools in teaching of material things. If to that success can be added a similar success in the field of human relationship then will many of the social, civic and economic problems of today be solved.

The schools are not perfect. They never will be perfect but they are traveling toward perfection. With the support and guidance of a personnel which is highly trained, which is deeply concerned with the welfare of society and which receives the support of the communities they serve, the schools always will travel toward perfection. Perfection—truth—God, are at the very center of the wheel of life. As education—science and religion approach the center of this wheel of life they will not only get closer to truth but also closer to each other. Conflicts will disappear, greater harmony and power will result.

But since perfection, truth, God are eternal and infinite the brief span of finite life is all too short a time in which one may learn of them, hence education must continue while life lasts.

As one grows older how well one understands the truism which at first seems paradoxical—"The more one learns the less one knows."

## AND DEATH RIDES ON

A Cleveland business man announced to his luncheon companions the other day that he had at last got too jittery to drive downtown to work. He referred in particular to the day's local automobile fatalities which ran high on the heels of drunken driving, hit-and-run speeders, and otherwise incapable chauffeurs.

And whether you live in Cleveland or Clayville you can readily sympathize with this fellow who refuses to risk his life driving a car any longer. The seriousness of the driving problem is increasingly apparent. The moment you hit the open road today you're automatically exposed to inebriates, unconscionable fools and morons—all operating under the ineffective control of a license tag.

Certainly the case for stricter licensing, for examination and certification of drivers is clearly established. This terror must be checked and the job should start right now.

## REGISTER CLEARING HOUSE

(The articles under the Clearing House are published for the purpose of an exchange of ideas and are not necessarily the opinion of this newspaper. Contributors are urged to confine their articles to 300 words.)

## Editor Register:

For the last few weeks, Orange county has faced the problem of settling a fruit picker's strike.

As far as the general public can determine, the major issues revolve about questions of uncertain bonus promises, "chiseling" picking bosses, the price of equipment, and definite wage increases.

Surely these problems could be solved in a compromise settlement without jeopardizing the prosperity of the community.

But the possibilities are that the strike will be broken or prolonged but not settled. For to settle it through arbitration and a business like trade agreement would necessitate union recognition, a step packing-house representatives are unwilling to take.

Instead, a figurative guerrilla war is carried on. Organizers and pickets are arrested for strike violations, the county anti-loitering or-

distance is invoked against the use of peaceful persuasion, and the orchards are filled with inexperienced men, many of whom are school boys.

Today, practically every grower realizes the importance of pro-rate marketing agreements, and knows he must constantly organize to protect himself from the devastation of the open market.

Why deny the fruit picker the right to organize and protect himself and his family from the devastation of the open labor market?

As conditions grow better, the only hope of the worker in sharing the profits of the industry and in meeting the rising cost of living lies in collective bargaining. To present his grievances without the fear of losing his job, he must speak through a union representative.

And the reputed packing house black list and the strike breaking traffic arrests seem to indicate

that his only safe representative will have to be a professional organizer who knows his legal rights and is not dependent upon the industry for his livelihood.

The present treatment of union efforts is bound to breed a dissatisfaction upon which the communist is counting. If we would save our poorest classes from the virus of communism, we must demonstrate to them the possibility of improving their condition through peacefully organizing under the present political and social set up.

Such proof will never be accepted until we have learned to arbitrate instead of browbeat, to formulate union trade agreements instead of fomenting costly and continuous strife.

Why not settle the labor problem right instead of trying to break both the union and the strike? A READER.

SOFT JOBS, SOFT PROFITS, MEANS  
SOFT MONEY—INFLATION

When Landon recommended that we go back to the gold standard and at the same time have a Constitutional amendment so that minimum wages for women can be regulated by the States, he does not seem to understand that one thing cannot be fixed without the other being fixed. If wages and profits are to be "soft" or artificial, that is, the worker gets more than he produces, measured in units of money, then, of necessity, money must have no value. It must be subject to change in value in order to prevent those who are receiving more than they produce from absorbing too large a fraction of the total produced so that there is practically nothing left for the rest of the workers. If money is to be sound, or hard, so must wages and profits be sound, or competitive.

A dollar, when we resumed the gold standard in the latter part of the 19th century in the United States, was supposed to represent 25.8 grains of gold, 90 per cent fine. An ounce of gold was supposed to represent human energy required to mine, produce and refine \$20.67 worth of gold. If wheat was selling at \$1 a bushel, the energy required to produce 20.67 bushels of wheat was supposed to be identical with the human energy required to produce an ounce of gold. Or a suit of clothes that cost \$20.67 was supposed to represent the same expenditure of human energy, growing the wool, making the cloth, transporting it and selling it, as the production of an ounce of gold would cost.

When these profits in producing material things or the wages in producing these things are not free and natural—free and competitive—then the value of a dollar of necessity is thrown out of line. Then, it invariably requires less human energy to produce the clothes that sell for \$20.67 than it does to produce an ounce of gold; then, of necessity, we start using credit as a substitute for gold until eventually the disparity is so marked that people know the energy required to produce gold is greater than commodities and they demand the gold. Then the governments, as the United States did in 1933, re-value by law the money price of gold.

Consequently, so long as we have "soft" jobs and "soft" profits—that is those that are not competitive—we cannot have money, known as "hard" money; that is, that which is exchangeable for actual gold or silver or whatever may be the base, that has real value back of it.

## SCIENTIFIC JUSTICE

A great many cities again are sending representatives of their police forces to regional training schools and to the Department of Justice at Washington, to learn more about the business of being efficient officers.

This indicates the new trend in law enforcement—the trend toward scientific handling of crime problems that now recognize no state boundaries and call for warfare along a broad front.

The day of the complacent local cop who couldn't see anything beyond his immediate beat—and often, for that matter, nothing on the beat itself—is passing.

The expert work of the Federal Bureau of Investigation is example enough of what can be done with intelligent officers. Let's have more of these training schools and more officers attending them.

## A BERLIN TRANSACTION

In the Liberty Magazine, Edwin Walter Kemmerer, world famous expert on money, relates a personal experience in Germany in 1924, after Dr. Helfferich and Dr. Schacht had introduced the Rentenmark to take the place of its debased sister.

He says: "I remember buying a cigar at the Hotel Adlon in Berlin. The cigar was worth one half Rentenmark, or twelve cents American money at that time. I handed the clerk a one-Rentenmark, note worth twenty-four cents American money. My change, representing the other twelve cents, was given me in the old money—a note for five hundred billion marks, which at par would have been worth then one hundred and twenty-five billion dollars.

*A true friend unbosoms freely, advises justly, assists readily, adventures boldly, takes all patiently, defends courageously, and continues a friend unchangeably.*

## One of the Big Problems the Democrats Must Face

## Day By Day In Washington

By DAVID LAWRENCE  
(Copyright, 1935)

PHILADELPHIA, June 29. — There has been a significant contrast between the atmosphere of five-day ballyhoo in the New Deal convention and the sober, dignified phrases of the platform adopted in five minutes without debate of any kind.

It is not the clamor or noise made by the delegates that will affect the solution of national problems, but the meaning of those carefully chosen phrases of the platform out of which is to come important legislation if the New Deal is continued in power after the next election.

The New Deal platform adopted this year should be and will be taken more seriously than the platform of 1932, for the new one is written on the record of the last three years and with purposes that grow out of the New Deal's approach to governmental problems after three years of controversy.

Many things were promised again, as in 1932, such as reduction of expenses and retrenchment, a sound currency, and vigorous enforcement of the anti-trust laws, but there is one pledge made which is certain to overshadow all others and probably will be the first to be carried out in the event of a New Deal triumph at the polls. It is the proposed change in the American form of government.

While professing, of course, that the changes are to be made within the letter and the spirit of the Constitution, the plank which insists that the Constitution be amended so as to give greater powers to the national government represents the most vital program of amendment that has been projected since the Constitution was written.

No other amendments to the Constitution have sought to invade either the rights reserved to the states or the rights reserved to the people. The New Deal now proposes that the federal government be given powers equal to that of the 48 states, that 131 men and, in many instances a majority of 267, shall have authority equal to the 48 legislatures and that the federal judiciary be given powers equal to that of the 48 state judicial systems.

This profound transformation of the American dual system of government is asked for on the ground not merely of emergency but to adjust American life to presumably changed conditions, the inference being that 150 years of the American constitutional system have proved futile to solve questions of national scope.

The platform is admittedly and skillfully worded. In fact, the New Deal platform is a far more coherent document, better phrased and more effectively presented than the Republican platform in Cleveland. To put it another way, the New Deal platform expresses New Dealism much more efficiently and directly than the Cleveland platform expressed the spirit of the new restless Republicanism that nominated Governor Landon.

If one is ready to accept the thesis of a paternalistic government and to believe that the responsibility of the citizen to earn his own living has been superseded by the philosophy that the government owes the citizen a living and financial support, the New Deal platform will be found to reflect satisfactorily that view on every point. Everything from floods and dust storms to regulation of maximum hours and minimum wages is grouped together as the growing obligation of the federal government wherever the states do not assert it. Clearly the platform plank is so worded that it achieves the objects stated will hasten the federal government the disciplinary overlord of the states and, in effect, end state sovereignty and independence in America.

Fortunately, under our present system of government, constitutional changes must be voted on in elections separate and distinct from presidential or congressional contests so that the American people can pass explicitly on the wording of a proposal to alter the Constitution. But an overwhelming victory at the polls next autumn will hasten the passage by a two-thirds vote of both houses of congress of an amendment embodying the ideas contained in the New Deal plank on constitutional change.

The issue in the coming campaign has, therefore, developed into a fight to preserve the spirit of the dual system of government, even though it was supposed a few weeks ago that the New Dealers, in the interest of political expediency, were going to avoid making such an issue. The Republicans have been waiting for this very challenge, so that they ought to thank the New Deal for its frank and unequivocal declaration.

The platform naturally omits any mention of weak points in New Deal armor. There is, for instance, no explanation of why 10,000,000 persons are still unemployed, why, if recovery is here, more money is going to be spent in 1937 by the federal government than in 1936 and why the anti-trust laws have not been enforced against the monopolies that grew out of the NRA codes. But no convention platform puts its worst foot forward.

The New Deal platform of 1938 is clearer and better than 1932 from a liberal and radical standpoint. It is broad enough to permit slow change in the character of governmental power or rapid change if the public in November shows itself in accord. But one thing is certain—the New Deal has, with the exception of a few phrases of conservative assurance as to its alleged aim to keep business on the "road to freedom and prosperity," shown no sign of retreat. The platform says experimentation, reform, reorganization, further use of public funds and government paternalism are firmly established in the New Deal and the country is asked to approve or disapprove at the polls. Clearly the events of the week indicate that the coming election will affect the destiny of America as has no other election since the Civil war.

Little Renny's  
Note Book

By LEE PAPE

Pop was smoking to himself with a satisfied expression and ma said, Willyum, I've decided I'm going to get some summer curtains for the living room windows. I mean I've thawed it all over from every angle and it's absolutely essential.

Well, if you've quite made up your mind and delivered and received your own ultimatum, I should say it would be a waste of time to argue with yourself about it any further, pop said, and ma said, The vital question is, what materials?

It does sound like the material question at that, pop said, and ma said, Plain organdy is a tried and true material, but I think I'd prefer something that departs from the usual.

How about fancy organdy? pop said, and ma said, Then of course there's always dotted Swiss.

A dot in time prevents many a dash, I believe that's the Swiss national motto, pop said, and ma said, What I'm really considering most seriously is a kind of a variety of fish netting that's all the rage just now. It's very attractive and it lets a lot of life in, she said.

It might be useful for keeping out stray flying fish, too, without seriously inconveniencing the flies and mosquitoes, pop said, and ma said, Well, which would you think, Willyum, organdy or dotted Swiss or fish netting?

A sort of a dotted fish net trimmed with organdy sounds good to me, and you properly would see many of them around, pop said, and ma said, Well, I've decided.

Any help I've been able to give you has been most cheerfully offered, I assure you, pop said, and ma said, If I devote a lot of time and energy to making curtains I'll feel that I am to stay home all summer and enjoy them, so I just think I'll abandon the idea and devote the time and energy trying to induce you to go away somewhere for a month or so.

Yee gods don't start yet, pop said, and he got in back of the sporting page and stayed there.

## In the Long Ago

From The Register Files  
25 Years Ago Today

A race meet has been arranged for the Santa Ana race track for July 3 and 4, at which some of the best horses in the state will appear. Among horses now being worked at the track in preparation for the meet are Inferiotta, with a record of 2:04 3/4, and Donnashen Donnashen, winner of the Occident stake at the state fair in 1910, rec'd. 2:12.

Within half an hour after Judge Z. B. West yesterday pronounced sentence of death on Rosario Salaz, convicted of the shooting of a sheep shearer named Jose Machado, "Sarco" Sainz was on the way to San Quentin in custody of Sheriff Ruddock and Deputy Sheriff Squires. This was the second death penalty in the history of Orange, the first having occurred in 1899. Manuel Fellows was convicted of the slaying of Dolores Garcia in San Juan Capistrano. The case was appealed and later Fellows was sentenced to life imprisonment.

Thoughts On  
Modern Life

BY GLENN FRANK

## FINANCING EDUCATIONAL FREEDOM

How adequately to finance education through our governmental units and yet keep the schools free from undesirable sorts of control is a tough problem.

William F. Russell has tackled this problem manfully, and here is his suggestion.

He begins with the recognition, common in Europe, that there is an internal and an external side to education.

He would centralize in state and federal governments control of the external side.

He would decentralize in the localities control of the internal side of education.

That is to say he would centralize the financing of education in the governments of state and nation, making them responsible for the external aspects of education, which I discussed yesterday, but would leave it to the locality to determine what is to be taught and how it is to be taught, keeping the training of teachers as decentralized as possible.

Russell is not overlooking the ancient assumption that "he who pays the piper calls the tune" but he thinks it is possible to legislate the piper free from intimate dictation by the state or federal government which pays him.

He knows that that state governments can go to the point of saying "you can't teach evolution in the schools" and he surely knows the pretty tight grip which the federal government seeks to hold over the content of the work in land grant colleges financed by federal funds.

Nevertheless Russell is hopeful. "We pride ourselves," he says, "that we have a government of laws, not of men; and may we not, as in England, be able definitely to prescribe in law some automatic basis of state and federal participation which will carry no discretionary power with it? England has done it; I see no reason why we cannot."

Let's hope we can.

## OUR CHILDREN

By ANGELO PATRI

## TROUBLESOME YOUTH

The young people give their elders many an anxious hour. Age and experience, coupled to affection, long to protect the children, keep them comfortable, send them along the well traveled roads to accepted success. But young people never want to follow the beaten ways. They are forever seeking new ones, forever exploring, testing, trying things out for themselves. They waste time and effort, true, but they gain more than they lose else the race would have made no progress. It is this troublesome phase of Youth that creates growth, promotes civilization, leads the race forward.

"They talk such nonsense. They are so sure they know all about questions that puzzle the wisest and make the most reckless among the informed take heed of their steps. They don't listen. They don't want to learn. They're a nuisance with their meetings and their protests and their wild enthusiasm for causes. They'd make better use of their time if they got down to their studies and learned something."

There is undoubted truth in all that. But what of it? These boys and girls are intelligent. The elders whom they annoy by their eagerness to live worthily taught them all they know. Why get into such a lather about their putting their experiences into what service they can render? They are alive and, consequently, growing. Growth means change, and every generation makes what changes it can in its day. Present-day Youth will do the same. It is we who waste time bewailing the inevitable. Instead of trying to smother Youth we might better lead it as far as our leadership is acceptable.

That is the important question the elders have to settle. How can they make their leadership valuable to Youth and so make it acceptable? By understanding Youth, by going along with it as far as good sense allows, by advising when advice is asked, by accepting the limitations the span of ages imposes with cheerfulness and hope.

I would let the boys and girls have their meetings and talk out their ideas. I would ask only that when they lead speakers to address their meetings that both

sides be represented and heard to the end. I would ask, too, that all reforms of whatever nature be initiated through the ballot box route. No good thing need ever be imposed upon a people. Their intelligence will see and accept the good.

Those who are in authority over Youth should consider well their ways with them. Youth is searching for Truth just as their elders searched throughout their lives to catch a glimpse of her shining garments. It is to be remembered always that no man has ever looked on the face of Truth and lived. It is only sensible then to accord these boys and girls their search in turn. To battle with them over "What is truth?" is to beat the air.

Truth is not to be caught in a net. Perhaps it is inherent in the search, never to be seen and known of men. Perhaps if we all could agree that an honest search for it was all that men could do, and all they need to do, Youth and Age might get a bit closer in the definition of it.

(Copyright, 1936, The Bell Syn., Inc.)  
(Mr. Patri has prepared a leaflet entitled, "Changing Habits," in which he tells parents how to overcome a child's unpleasant habits. Send for it, addressing your request to Mr. Angelo Patri, Child Psychology Department of this paper. Enclose a self-addressed, stamped 3-cent envelope.)

## HERE AND THERE

Farmers raise 70 per cent of their own food.

France has 250,000 social impostors listed as "nobility."

About \$400,000,000 worth of gold is produced each year.

Lack of vitamin A in the diet may cause kidney stones, according to two scientists of the University of Wisconsin.

A piece of charcoal placed on the shelves of a refrigerator acts as an absorbent for all odors.

Hellogabalus, Roman emperor, gave dinners that required extensive traveling by the guests. The diners had to go to a different part of the city for each course.

## PARAGRAPHS

By Robert Quillen

We know almost everything now, except who thinks up all the new dirty jokes.

Pacifists are like preachers. They can't get anybody to listen except those who don't need it.

Yet Dad can remember when there was no excitement after dark except a moth inside the lamp chimney.

There must be deflation in nature, too, else how do bugs that size get through a window screen?

Dumb animals are the ones that don't wonder dismally when their leaders will make them go to war again.

A MAN'S HOME IS HIS CASTLE, WHERE STRANGERS CAN'T GET AT HIM. . . EXCEPT BY USING THE TELEPHONE.

Candies and grease wicks had their good points. Electric lights can't kill all the night insects they attract.

Don't let the movies fool you. Anybody who can eat breakfast in bed is too nice to eat before washing up.

We become more democratic. All classes can now argue about the relative merit of the Ford and the Chevy.

AMERICANISM: Thinking is wicked to subsidize American ships; building a \$5,000,000 pier to accommodate England's big new liner.

A great man is one who can't say catty things for publication except in a personal letter to a friend.

Another thing that puzzles us is how the first man discovered that spinach wasn't just another weed.

A boom every eight years is about right. You can make the old Panama last that long.

THE CURSE OF POVERTY IS NEIGHBORS. WEALTH WOULDN'T SEEM NECESSARY IF THERE WAS NOBODY TO SEE US SHOW OFF.

Free land: One where a judge says, "You will do this and so on go to jail for contempt of court."

Exposition: Some buildings with dull exhibits surrounding a naked gal show.

Zioncheck gets little sympathy. A man shouldn't go to Congress if he can't hold his liquor better than that.

It is hard to bme a law-abiding citizen when you can't tell what the law is till the judge finishes talking.

CORRECT THIS SENTENCE: "I SAW I WAS GOING TO SPLASH MUD ON THE GUY'S WHITE SUIT," SAID THE TRUCK DRIVER, "SO I SLOWED DOWN."
